7. Decision Reports / Whakatau Rīpoata***7.12 Adoption of the 2023-24 Summary Annual Report*****3**

7.12 Adoption of the 2023-24 Summary Annual Report

Meeting: Whangarei District Council
Date of meeting: 12 December 2024
Reporting officer: Alan Adcock (General Manager – Corporate / CFO)

1 Purpose / Te Kaupapa

To adopt the Council's Summary Annual Report for the year ended 30 June 2024.

2 Recommendations / Whakataunga

That the Council:

1. Receives the independent Auditor's Report for the Summary Annual Report.
2. Adopts the Summary Annual Report for the year ended 30 June 2024.
3. Authorises the Chief Executive to make any minor editing amendments that are required.

3 Background / Horopaki

Council is required to prepare and adopt a Summary Annual Report each financial year, within one month after the adoption of the Annual Report, under Section 98(4)(b) of the Local Government Act 2002.

The Summary Annual Report must represent, fairly and consistently, the information regarding the major matters dealt with in the full Annual Report.

4 Discussion / Whakawhiti kōrero

The full Annual Report was adopted by Council on 28 November 2024.

This Summary Annual Report has been prepared using the information contained in the full Annual Report, and satisfies the information required for inclusion under Section 99 of the Local Government Act 2002.

The Summary Annual Report is presented for Council's adoption, and will be made available on Council's website.

4.1 Financial/budget considerations

The 2023-24 summary Annual Report reports a summary of Council's financial and non-financial performance against budget and service performance targets for the year ending 30 June 2024.

While in isolation the adoption of this report has no budget implications, some of the information contained within it will contribute to the development of the 2025-26 Annual Plan budget.

5 Significance and engagement / Te Hira me te Arawhiti

The adoption of the Summary Annual Report is a specific requirement of the Local Government Act 2002. The process to be followed and items to be reported are covered by Part 6 of the Act. Once adopted, the Summary Annual Report will be available on Council's website.

MAYOR'S MESSAGE

E KUPU NĀ TE KOROMATUA

TĒNĀ KOUTOU KATOĀ, BENVENUTO AND WELCOME

Whangārei is in a stronger position today than it has been for many years.

Continuing work on our Cyclone Gabrielle repairs has been a key priority this financial year, collaborating with councils across Northland to get roads re-opened and slips repaired. We've finished the first phases of our emergency road repairs, and now we're focusing on engineering work for the final (and most complex) stage. While there's still work to be done, we've made significant repairs across our District's parks, coastal structures and walkways.

In this past year, we've also made good headway with our capital works programme, finishing long-awaited projects like the Port Road roundabout, which will help reduce congestion issues in the area.

Our Council supported new community events, including hosting the Oceania Cup hockey tournament, inaugural Maritime Festival, International Wahine Toa Female Boxing Championship, and NAZCAR Mega-Street Sprints, as well as enjoying regular favourites like the Puanga Matariki and Silver Festivals.

Together with our neighbouring Northland councils, we adopted the Te Tai Tokerau Accessibility Strategy with the aim of making our region more accessible to all. We also received our stage one accreditation of the national Welcoming Communities programme to make our place more welcoming for everyone.

Through all of this, inflationary pressures and a change in central government made the 2023-24 financial year a challenging time for local government. We had to be practical and flexible to manage both the uncertainty and budget constraints.

These issues were worked through during the creation of our 2024-34 Long Term Plan (LTP). We are now moving forward with a solid 'back to basics' LTP, which focuses on looking after what we've got and preparing for our future. This plan will also see Council reduce overall net debt by the end of its 10-year period.

We end this year in a strong position. We have a responsible and forward-looking work programme in the pipeline and a clear vision for where we are heading.

We look forward to delivering on this and seeing Whangārei District continue to thrive and grow.

KEY PROJECTS

Continued progress on severe weather repairs

Collaboration across the region helped to reestablish connections with our communities by getting roads reopened and major slip sites repaired. Council also worked closely with NZTA teams to manage the major Brynderwyns slip repair by providing and maintaining detour routes on the Council local roads during the 4 month road closure of SH1.

Port Road roundabout

A significant milestone was reached with the opening of the Port Road Roundabout project, which added to the Port Rd bridge upgrade project, and significantly addressed the congestion problems previously seen in this area.

Placemaking plans for Parua Bay and Waipu

Placemaking plans for Parua Bay and Waipu were completed and adopted, creating 20-to-30-year plans for these places with a shared vision for how these areas will change and grow.

Future Development Strategy

We prepared a draft Future Development Strategy for Whangārei with the Northland Regional Council, in partnership with tangata whenua, which provided a roadmap for managing growth over the next 30 years. Once community consultation is complete, the Future Development will be refined and adopted in 2024-25.

Quality water supply

Water Services continued to produce high quality water from all seven water treatment plants. All plants have both chlorine and UV disinfection to ensure full compliance with the New Zealand Drinking Water Standards and the Drinking Water Quality Assurance Rules 2022.

The Poroti water treatment plant upgrade project is still going through the final review process prior to construction. This project will provide drought resilience to the City supply. Projects have also been awarded for the construction of a new reservoir at Kamo.

Wastewater upgrades

Ongoing upgrades have been made to the Hikurangi Wastewater Treatment Plant to improve discharge quality. A business case has been prepared for new administration building at the Kioreroa Road Wastewater Treatment Plant, as well as physical works on odour control.

Hikurangi Flood Management Scheme

We completed the strategic business case that identified the issues and opportunities for intervention. This has largely completed an extensive model of the river, its catchments and how the scheme operates. The model allows options to be tested. The business case has been developed in collaboration with hapu and farmers.

A new fish-friendly system was designed and built to drain flood water off Junction pocket. This was a spin off from the business case and result of a collaboration between hapu, farmers and council and reduces the schemes reliance on pumps.

Envirohub opened

The He Awhi Rito Envirohub opened in central Whangarei to provide a location for community groups to collaborate and educate the public regarding environmental issues.

A vibrant year of events

Our District enjoyed some significant events this year, including the Oceania Cup, Maritime Festival, International Wahine Toa Female Boxing Championship, and NAZCAR. These events promoted sportsmanship, cultural heritage, and gender equity, as well as enhancing tourism and community cohesion.

Growing use of libraries

The library hosted many successful events and activities catering for all ages. The library functions as a community hub offering a diverse range of services to meet community needs. Justices of the Peace are now available at Central, Onerahi and Tikipunga libraries and Citizens Advice at Central on selected days of the week. The public demand for IT services is just as popular as ever with staff spending a considerable amount of time offering assistance and support.

Sportsfield progress

We continued upgrading our sports fields from soil to sand fields, installed drainage and lighting to improve resilience and hours of play. We also installed new sports fields in Ruakaka and Parua Bay.

Welcoming communities

As part of the Welcoming Communities, Te Waharoa ki ngā Hapori programme, we signed a Statement of Commitment alongside our partners, NZ Police, Multicultural Whangarei, Te Huinga, and the Multi-Ethnic Collective. Stage one accreditation of the programme has been achieved, with Whangarei District being recognised as a committed welcoming community. A stock take has been completed and planning has begun to create a Welcoming Communities Plan for the District.

Te Tai Tokerau Regional Accessibility Strategy

We adopted the Te Tai Tokerau Regional Accessibility Strategy, which was developed in response to the access needs of people such as disabled people, older adults, people with chronic health conditions, and whanau with young children.

Kauri Dieback Mitigation

Kauri mitigation work on Parihaka and Coronation tracks have brought about two benefits. Primarily it is about the health of our Taonga but the improvements to the walking tracks have also improved the user experience.

Whale Tail Park upgrade

A renewal of the playground in Ngunguru has been well received by the community.

MEETING OUR TARGETS

WE ACHIEVED ALL THREE OF OUR FINANCIAL TARGETS

Targets	Result
Achieve a balanced budget	✓
Limit rates revenue (excluding water) to maximum of 70% of total revenue	✓
External net debt no higher than 175% of total revenue	✓

64% OF NON-FINANCIAL TARGETS MET COMPARED WITH 66% LAST YEAR

45 of 71 non-financial targets were met and 99% of the targets were measured. The sole target not measured was 7.1.2, the percentage annual increase in community participation in active recreation and sports activities. This measure is reliant on a third party's survey (Sport NZ). Unfortunately, the survey is outside of Council control and was not conducted in 2023-24.

Performance improved or stayed the same for 15 of Council's 18 activity groups with performance measures. Four activity groups: Flood Protection, Community Property, District Planning and Health & Bylaws all achieved 100% of their targets.

Only three activity groups achieved lower results than last year. These were Wastewater, Parks & Recreation, and Resource Consents.

Transportation and the roading network were again identified by residents as the most important areas requiring Council's attention. Climate change and sustainability were also highlighted with a call for more proactive measures to address the impacts of climate change.

The most important community outcomes for residents are making Whangārei safer and having efficient and resilient core resources.

EVENTS AFTER BALANCE DATE

Local Water Done Well (previously Affordable Water Reforms)

The Water Services Acts Repeal Act 2024 repealing the previous Government's Water Services Entities Act 2022 (referred to as Affordable Water Reform (or previously Three Waters)) received Royal assent on the 17 February 2024.

The Act is an omnibus Act that will repeal the key legislation that underpinned the Affordable Water Reform - the Water Services Entities Act 2022, the Water Legislation Act 2023, and the Water Services Economic Efficiency and Consumer Protection Act 2023. This means the end of the 10-entity model which envisaged control of water assets by new statutory water services entities.

CONTENTS OF THE ACT

The Act returns responsibility for water services delivery to local authorities. The Act will also make the following changes:

- Disestablish the Northland and Auckland entity, its establishment board, and its establishment CEO, given this was the only entity out of the 10 planned entities that had been formally established so far.
- Make consequential amendments to the Local Government Act 2002 to enable local authorities to:
- Include water services provision in their 2024-2034 long term plans (LTPs) (in some cases, without reconsulting). There are also a range of other options available to local authorities, including extending the statutory deadline for adoption of the 2024 LTP and annual reports.
- Defer reviews of bylaws relating to water services.
- Make technical amendments to the Taumata Arowai – the Water Services Regulator Act 2020 and the Water Services Act 2021 relating to the regulation of water services by Taumata Arowai. A more substantive amendment relates to the definition of "stormwater network", which retains, in substance, the definition under the Affordable Water Reform legislation, by extending the definition to include overland flow paths and relevant green water services infrastructure and watercourses.

NEXT STEPS – NEW LEGISLATION

The repeal completes step one of the National Party's Local Water Done Well policy. Two further bills are expected over the next two years to complete delivery of the Local Water Done Well policy:

- The first bill, The Local Government (Water Services Preliminary Arrangements) Bill, was introduced to Parliament on 30 May 2024, will set out provisions relating to council service delivery plans and transitional economic regulation. The Government has indicated that this bill will enable councils to voluntarily start shifting the delivery of water services into more financially stable models. The Water Services Preliminary Arrangements Act received royal assent on 2 September 2024.
- The second bill, The Local Government Water Services Bill, is expected to be introduced in December 2024 and passed by mid-2025, will provide for long-term requirements for financial sustainability, a complete economic regulation regime, and new types of structural and financing tools, including a novel financially independent council-controlled organisation structure.

The impact of these reforms is not yet known for Whangarei District Council.

Fluoridation of Water Supplies

On 28th November 2024 Council passed a resolution to not add fluoride to Whangarei District's water supplies in contravention of the directive from the Ministry of Health. The impacts as a consequence of this decision are not yet known, but may include Minister of Local Government intervention, funding implications and potentially Ministry of Health legal actions.

Key financial information	Actual 2024	Budget 2024	Comments
Statement of comprehensive revenue and expense			
Total revenue	232,442	230,654	Total revenue was higher than budget by \$1.8 million: • development contributions were \$0.5 million lower than budget. • subsidies and grants were \$5.4m less than budget in the 2023-24 year. This is due mainly to the completion of two significant roading projects being delayed until the 2024-25 financial year. • rates revenue was \$1.0 million lower than budget. • interest received was \$1.4 million higher than budget due to prefunding future debt repayments and higher than anticipated interest rates. • vested asset income was higher than budget by \$2.6 million due to the conservative nature of the budget and reflective of continued growth. • an unbudgeted investment property revaluation gain of \$2.5 million was due to the increase of investment property values over the previous year. • gains from share of joint venture profits of \$0.8 million higher than budget. • other revenue was \$1.4 million higher than budgeted.
Total expenses	214,273	204,848	Total operating expenses were higher than budget by \$9.4 million: • personnel costs were \$0.3 million lower than budget. • depreciation and amortisation was \$0.6 million lower than budget • finance costs were \$0.2 million lower than budget. • unbudgeted losses on disposal of other assets of \$4.2 million which are not budgeted due to the uncertainty regarding timing of asset disposals. • an unbudgeted loss on derivatives of \$3.2 million due to falling interest rates. • general grants were \$0.7 million higher than budget • other expenses were \$2.4 million higher than budget.

Key financial information	Actual 2024	Budget 2024	Comments
Statement of financial position			
			Total assets are higher than budget by \$280.4 million:
			- debtors and receivables are \$2.3 million above budget mainly due to higher than expected arrears re rates and other debtors. - other financial assets are \$34.1 million above budget due to: \$20.2 million held on term deposit, a \$5.6 million increase in the value of community loans, a \$4.0 million increase in the opening balance compared to what was assumed when preparing the 2023-24 Annual Plan, a \$3.3 million increase in investments in CCO's compared to budget and a \$1.0 million increase in the borrower notes held with LGFA.
Total assets	2,805,602	2,525,182	- intangible assets are \$4.6 million below budget due to opening balance being less than anticipated to what had been assumed when preparing the 2023-24 Annual Plan . - other non-current assets are \$6.1 million below budget mainly due to an incorrect classification when preparing the 2023-24 Annual Plan. - Property, plant and equipment is \$257.2 million above budget. This is mainly due to the out of cycle revaluation of infrastructure assets, and the Roading asset revaluation being higher than expected. - Investment properties are \$2.6 million below budget. There was a \$2.5m unbudgeted revaluation increase. There was \$5m budgeted expenditure that was not incurred.
			Total liabilities are higher than budget by \$11.8 million:
Total liabilities	319,828	308,054	- payables and deferred revenue are \$8.1 million higher than budget mainly due to sundry creditors being \$9.1 million more than the prior year. This is mainly a \$4.2 million grant payable and a \$4.8 million increase from last year re roading projects . - derivative financial instruments are \$0.7 million under budget due to unrealised revaluation gains. - borrowings are \$5.0 million over budget due to more new borrowing required than budgeted.

INDEPENDENT AUDITOR'S REPORT

TO THE READERS OF WHANGAREI DISTRICT COUNCIL'S SUMMARY OF THE ANNUAL REPORT FOR THE YEAR ENDED 30 JUNE 2024

The summary of the annual report was derived from the annual report of the Whangarei District Council (the “District Council”) and subsidiaries (the “Group”) for the year ended 30 June 2024.

The summary of the annual report comprises the following information on pages 8 to 9 and 12 to 18:

- the summary statement of financial position as at 30 June 2024;
- the summaries of the statement of comprehensive revenue and expense, statement of changes in equity and statement of cash flows for the year ended 30 June 2024;
- the disclosures to the summary financial statements; and
- the summary activity statement of the District Council.

OPINION

In our opinion:

- the summary of the annual report represents, fairly and consistently, the information regarding the major matters dealt with in the annual report; and
- the summary statements comply with PBE FRS-43: Summary Financial Statements.

SUMMARY OF THE ANNUAL REPORT

The summary of the annual report does not contain all the disclosures required by generally accepted accounting practice in New Zealand. Reading the summary of the annual report and the auditor’s report thereon, therefore, is not a substitute for reading the full annual report and the auditor’s report thereon.

The summary of the annual report does not reflect the effects of events that occurred subsequent to the date of our auditor’s report on the full annual report.

THE FULL ANNUAL REPORT AND OUR AUDIT REPORT THEREON

We expressed an unmodified audit opinion on the information we audited in the full annual report for the year ended 30 June 2024 in our auditor's report dated 28 November 2024.

COUNCIL'S RESPONSIBILITY FOR THE SUMMARY OF THE ANNUAL REPORT

The Council is responsible for preparing the summary of the annual report which includes preparing summary statements, in accordance with PBE FRS-43: Summary Financial Statements.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on whether the summary of the annual report represents, fairly and consistently, the information regarding the major matters dealt with in the full annual report and whether the summary statements comply with PBE FRS 43: Summary Financial Statements.

Our opinion on the summary of the annual report is based on our procedures, which were carried out in accordance with the independence requirements of the Auditor-General's Auditing Standards, which incorporate the independence requirements of Professional and Ethical Standard 1: International Code of Ethics for Assurance Practitioners issued by the New Zealand Auditing and Assurance Standards Board.

In addition to our audit and our report on the disclosure requirements, we have carried out engagements in the areas of providing a limited assurance report in our capacity as auditor pursuant to the Trust Deed and an assurance engagement relating to the Unique Emissions Factors which are compatible with those independence requirements. Other than these engagements we have no relationship with or interests in the District Council or its subsidiaries and controlled entities.
