Finance Committee – Terms of Reference

Membership

Chairperson	Councillor Paul Yovich
Deputy Chairperson	Councillor Phil Halse
Members	His Worship the Mayor Vince Cocurullo Councillors Ken Couper, Deborah Harding, Patrick Holmes and Simon Reid
Meetings	Monthly
Quorum	4

Purpose

To ensure than Council finances and other corporate support functions are well managed. Management of disposal and purchase of individual properties within Council's commercial property portfolio.

Key responsibilities

- Manage the budget process including the co-ordination and preparation of budgets and financial statements for the Annual Plan and Long-Term Plan.
- Preparation of the financial component of Council's Annual Report.
- Operational reporting for the Corporate Group within Council.
- Operational accountability of performance including:
 - Health and Safety
 - Regular reporting on service delivery
 - Compliance
 - Sustainability
 - Finance
- Procurement – general procurement relating to the areas of business of this committee, within delegations.
- Shared Services – investigate opportunities for shared services for recommendation to council.

- Council's commercial property portfolio, including:
 - The purchase and disposal of commercial properties specifically identified in the Long Term Plan
 - The purchase and disposal of commercial properties as authorised by Council, where these are not specifically identified in the Long Term Plan.
 - Recommendations to Council for the purchase and disposal of any other commercial properties.
- Council Controlled Organisations (CCOs) – monitoring the financial and non-financial performance of CCOs whose functions would otherwise fall under the scope of this committee. Includes trading CCOs (CCTOs) and those CCOs exempted under the LGA. Responsibilities include:
 - advising on the content of annual Statement of Expectations to CCOs
 - monitoring against the Statement of Intent
 - for exempted CCOs, monitoring and reporting as agreed between Council and the organisation
 - quarterly reporting on performance

CCO accountable to this committee:

- Local Government Funding Agency (LGFA)
**Statement of Intent agreement to council*

Delegations

- (i) All powers necessary to perform the committee's responsibilities, including:
 - (a) Approval of expenditure of less than \$5 million plus GST.
 - (b) Purchase and disposal of commercial properties as identified above and within the budget limits identified in the Long Term Plan.
 - (c) Establishment of working parties or steering groups.

The Committee does not have:

- I. The power to establish sub-committees.
- II. The powers Council is expressly prohibited from delegating as outlined in Clause 32(1)(a)-(h) of Schedule 7 of the Local Government Act 2002; being:
 - the power to make a rate
 - the power to make a bylaw
 - the power to borrow money, or purchase or dispose of assets, other than in accordance with the long-term plan

- the power to adopt a long-term plan, annual plan or annual report
- the power to appoint a chief executive the power to adopt policies required to be adopted and consulted on under the Local Government 2002 in association with the long-term plan or developed for the purpose of the local governance statement
- the power to adopt a remuneration and employment policy.

Finance Committee Meeting Minutes

Date: Wednesday, 4 December, 2024
Time: 9:00 a.m.
Location: Civic Centre, Te Iwitihi, 9 Rust Avenue

In Attendance

Cr Paul Yovich (Chairperson)
 Cr Phil Halse (Deputy Chairperson)
 His Worship the Mayor Vince Cocurullo
 Cr Ken Couper
 Cr Deborah Harding
 Cr Patrick Holmes
 Cr Simon Reid

Also in Attendance Cr Gavin Benney

Scribe D Garner (Democracy Adviser)

1. Declarations of Interest / Take Whaipānga

No interests were declared.

2. Apologies / Kore Tae Mai

His Worship the Mayor (early departure due to Council business)

Moved By Cr Paul Yovich

Seconded By Cr Simon Reid

That the apologies be sustained.

Carried

3. Confirmation of Minutes of Previous Finance Committee Meeting / Whakatau Meneti

Moved By His Worship the Mayor

Seconded By Cr Patrick Holmes

That the minutes of the Finance Committee meeting held Wednesday 6 November 2024, having been circulated be taken as read and now confirmed and adopted as a true and correct record of proceedings of that meeting.

Carried

4. Information Reports / Ngā Pūrongo Kōrero

4.1 Financial Report for the 4 months ending 31 October 2024

Moved By Cr Paul Yovich

Seconded By Cr Deborah Harding

That the Finance Committee notes the operating results for the four months ending 31 October 2024.

Carried

4.2 Capital Projects Report for the 4 Months ending 31 October 2024

4.2.1 Capital Projects Report for the 4 Months ending 31 October 2024 - Replacement page 43

Moved By Cr Patrick Holmes

Seconded By Cr Ken Couper

That the Committee notes the Capital Projects Report for the period ending 31 October 2024.

Carried

His Worship the Mayor left the meeting at 9:14am during Item 4.2

4.3 Operations Report - Corporate Group - December 2024

Moved By Cr Patrick Holmes

Seconded By Cr Deborah Harding

That the Finance Committee notes the Corporate Group operations report for December 2024 which contains statistics up to 31 October 2024.

Carried

5. Public Excluded Business / Rāhui Tangata

Moved By Cr Simon Reid

Seconded By Cr Patrick Holmes

That the public be excluded from the following parts of proceedings of this meeting. The general subject of each matter to be considered while the public is excluded, the reason for passing this resolution in relation to each matter, and the specific grounds under Section 48(1) of the Local Government Official Information and Meetings Act 1987 for the passing of this resolution are as follows:

General subject of each matter to be considered	Reason for passing this resolution in relation to each matter	Ground(s) under Section 48(1) for passing this resolution
1.1 Commercial Property - December 2024 Quarterly Update	Good reason to withhold information exists under Section 7 Local Government Official Information and Meetings Act 198	Section 48(1)(a)

This resolution is made in reliance on Section 48(1)(a) of the Local Government Official Information and Meetings Act 1987 and the particular interest or interests protected by Section 6 or Section 7 of that Act which would be prejudiced by the holding of the whole or the relevant part of the proceedings of the meeting in public, are as follows:

Item	Grounds	Section
1.1	To enable Council to carry on without prejudice or disadvantage commercial activities. To enable Council to carry on without prejudice or disadvantage negotiations (including commercial and industrial negotiations).	S7(2)(h) S7(2)(i)

Carried

6. Closure of Meeting / Te katinga o te Hui

The meeting concluded at 9:49am.

Confirmed this 5th day of March 2025

Cr Paul Yovich (Chairperson)

4.1 Financial Report for the 7 months ending 31 January 2025

Meeting: Finance Committee
Date of meeting: 5 March 2025
Reporting officer: Alan Adcock (General Manager – Corporate/CFO)

1 Purpose / Te Kaupapa

To provide the operating results for the seven months ending 31 January 2025.

2 Recommendation / Whakataunga

That the Finance Committee notes the operating results for the seven months ending 31 January 2025.

3 Background / Horopaki

3.1 Operating Result

Year to date

The net position from operations is a year-to-date favourable variance of \$4.1 million. This is mainly due to a \$3.0 million budgeted grant to Hihiaua not paid yet.

Once non-operating items are included, the overall year-to-date position is a surplus of \$3.7 million, compared to a budgeted surplus of \$8.7 million, resulting in an unfavourable variance of \$5.0 million.

Key year-to-date variances include:

- Minimal vested asset income has been recorded in the first seven months of the year, showing an unfavourable variance of \$5.0m. This is a non-cash item dependent on when assets are vested to Council and processed by the asset team. Resource is currently being diverted to focus on the clearing Work in Progress balances.
- Other Capital contributions are generally phased in accordance with the capital projects to which they relate. The receipt of this revenue will depend on the underlying funding agreements. This can create variances between the phased budget and the year-to-date actuals. Total capital income is \$4.6m unfavourable compared to year-to date budget. This is the main contributor to the higher debt position.
- Other timing differences can also occur when the phased budget differs to the actual costs incurred. The full year forecast provides a more accurate view of anticipated results for the year.

Forecast

The forecast net surplus for the financial year ending 30 June 2025 is \$13.2 million compared to the budgeted surplus of \$25.6 million resulting in an unfavourable variance of \$12.4 million. These results are based on forecast figures provided by budget managers in October 2024.

Key full year forecast variances by activity include:

(Note: the variances identified below remain unchanged from the previous report as forecasting has not been revised over the holiday period. Forecasting will be completed by the business in February.)

Details	Variance to budget	Explanation
Operating Income – \$5.3m favourable		
Transportation \$5.3m favourable		
Roading department	\$5.3m	Increased NZTA subsidies for emergency works
Wastewater \$218k favourable		
Wastewater revenue	\$207k	User fees & charges
Solid Waste \$313k favourable		
Recycling	\$349k	Miscellaneous income
Community Facilities and Services \$322k favourable		
Community development	\$302k	Other revenue
Planning & Regulatory (\$271k) unfavourable		
Building control	(\$986k)	Inspections & consents
RMA consents	\$225k	Fees & charges
Health & bylaws	\$494k	Fees & charges, dog control, parking enforcement & WOF/rego infringements
Support Services (\$473k) unfavourable		
Revenue department	(\$638k)	Rates received
Business support	(\$265k)	Rent received
Treasury	\$456k	Interest received

Other Expenses - (\$10.9m) unfavourable.		
(Includes an overspend of \$9.8m other expenses, unbudgeted loss on disposal of assets of \$1.5m and an underspend of opex on projects of \$0.3m). Key variances as follows:		
Support Services (\$607k) unfavourable		
Business Support	(\$334k)	Cleaning and security
People & Capability	(\$304k)	Insurances
Infrastructure Development	(\$126k)	Professional fees & staff cover
Opex on projects	\$112k	External contractor payments
Transportation (\$6.6m) unfavourable		
Community road safety	\$388k	External contractors & professional fees
Traffic services	(\$193k)	Electricity, external contractors & professional fees
Private Works	(\$160k)	Maintenance contracts
Network & asset management	\$384k	Professional fees
Emergency works	(\$7.6m)	Maintenance contracts & professional fees (due to increased subsidy)
Footpaths	\$249k	Maintenance contracts
Routine drainage	(\$125k)	Maintenance contracts
Opex on projects	\$374k	External contractor payments
Water (\$1.9m) unfavourable		
Maintenance	(\$285k)	Maintenance contracts
Other cost centres	(\$272k)	Various expenses
Opex on projects	(\$315k)	External contractor payments
Loss on disposal of assets	(\$1.0m)	Non-cash loss on assets disposed
Wastewater (\$1.9m) unfavourable		
Reticulation operations	(\$1.1m)	Plant & equipment maintenance, mainly Kapa Road
Pump stations	(\$565k)	R&M and equipment maintenance
Other cost centres	(\$244k)	Various expenses
Opex on projects	\$336k	External contractor payments
Loss on disposal of assets	(\$315k)	Non-cash loss on assets disposed
Community Facilities & Services \$205k favourable		
Various cost centres	\$81k	Various expenses

Opex on projects	\$133k	External contractor payments
Coastal & Flood Management (\$193k) unfavourable		
Opex on projects	(\$202k)	External contractor payments
Planning & Regulatory \$353k favourable		
Various cost centres	\$353k	Various expenses
Governance & Strategy (\$288k) unfavourable		
Opex on projects	(\$206k)	External contractor payments
Various cost centres	(\$82k)	Various expenses
Capital Income – (\$4.7m) unfavourable		
Other capital contributions	(\$1.0m)	Revenue recognition of capital contributions is dependent on milestones in the various funding agreements being achieved. Any delays in capital programme delivery will impact the timing of the associated revenue.
Gain on disposal of assets	\$1.7m	Gain on sale of property
Vested asset income	(\$2.7m)	Vested asset income is a non-cash adjustment used to recognise the value of assets vested to Council therefore does not directly impact funding or debt.
Waka Kotahi NZTA capital subsidies	(\$2.7m)	This forecast is based on the suggested approach to the roading programme upon confirmation of subsidy available from NZTA.

External Net Debt and Treasury

Total net external debt at the end of January 2025 was \$244.3 million compared to year-to-date budgeted net debt of \$233.2 million, resulting in net debt being \$11.1 million over budget. This variance is mainly due to:

- An unbudgeted property purchase
- Year to date grants and subsidies lower than budgeted
- Large December payment run
- Timing differences between the forecasted debt (based on historical trends), and the timing of expenses incurred.

Management will continue to monitor cashflow over the coming months, with a revised debt forecast for year-end to be based on the February forecast once complete.

As at 31 January 2025 cash and term deposits held of \$45.7 million was comprised of:

- \$20.0 million of term deposits relating to debt repayment pre-funding
- \$0.2 million of cash on hand relating to the Whangarei Harbour Marina Management Trust loan not yet advanced
- \$2.0 million cash on hand relating to contract retentions held
- \$23.5 million of cash on hand.

4 Accounts Receivable and Arrears

Total arrears as at 31 January 2025 are \$7.2 million, \$1.1 million less than January 2024, and \$0.4 million less than last month.

Land rates arrears decreased by \$0.5 million from last month and are \$0.3 million more than January 2024. Prior years arrears decreased by \$0.1 million to \$2.3 million in January and \$2.2 million of the first and second instalments remain unpaid. Water rates arrears are \$0.1 million more than January 2024 and last month. Sundry debtors are the same as last month and \$1.4 million less than January 2024.

4.1 Financial/budget considerations

This agenda is informing the Finance Committee of the year-to-date financial performance, as well as full year forecast. The purpose of this report is to highlight risks and significant variances against Councils planned performance.

Finance will discuss adverse variances with the relevant areas of the business to identify causes and determine what action should be taken to remedy overspends where possible.

5 Significance and engagement / Te Hira me te Arawhiti

The decisions or matters of this agenda do not trigger the significance criteria outlined in Council's Significance and Engagement Policy, and the public will be informed via agenda publication on the website.

TREASURY REPORT
31 JANUARY 2025

**S&P GLOBAL RATINGS CREDIT RATING:****AA**

Outlook: Stable

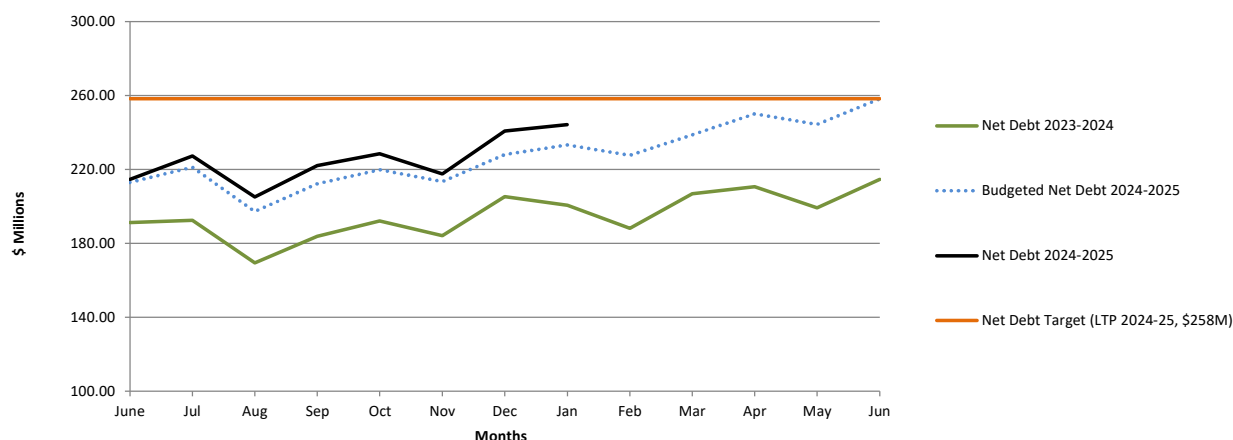

DEBT SUMMARY:**As at 31 January 2025**

External Debt		
Opening public debt as at 1 January 2025		275,000,000
Plus loans raised during month	15,000,000	
Less loan repayments made during month (Note: Facility movement has been netted)	-	
Net movement in external debt		15,000,000
Total External Debt		290,000,000
Less: Cash balances (excluding funds held on behalf)	25,535,953	
Term deposits (Funds held on deposit until required for project funding)	20,175,000	
Total cash and term deposits		45,710,953
Total Net External Debt		244,289,047

Note: Council also holds \$6.33m of LGFA borrower notes. These are not included in net external debt as per Council's Treasury Risk Management Policy.

External debt is represented by:

Less than 1 Year	45,000,000
1-3 Years	77,000,000
3-5 Years	100,000,000
Greater than 5 Years	68,000,000
Total	290,000,000

NET EXTERNAL DEBT COMPARED TO BUDGET:**Internal Funding***

Community Development Funds		11,754,079
Property Reinvestment Reserve - Committed	-	
Property Reinvestment Reserve - Available for Investment	19,072,880	
		19,072,880
Hikurangi Swamp		734,570
Waste Minimisation Reserve		1,084,134
Water Reserve		25,467,382
Wastewater Reserve		39,273,912
Total		97,386,957

*Note: Reserves Funding is disclosed to ensure transparency of Council's use of cashflow management to fund capital works.

Where funds are raised through property sales or targeted rates for Water, but they are not required for immediate investment in that asset category, Council's Revenue and Financing policy allows them to be used for other purposes, rather than being held on deposit.

To ensure total transparency of this we create Reserve Accounts so that the appropriate funding can be made available and transferred back when it is required. The timing of projects requiring these funds is set out in our Long Term Plan (LTP) and/or Annual Plan (AP).

These Reserves are not a liability to an external party, and are not part of Council's debt obligations.

The Property Reinvestment Reserve is split to record funds that have been already been committed to land purchases, and the remaining uncommitted balance that is available for other future investment purchases.

The only situation where our Net Debt would increase as a result of these Reserves is if major expenditure on Water Assets or property purchases is brought forward from the dates set out in the LTP/AP.

4.2 Capital Projects Report for the 7 months ending 31 January 2025

Meeting: Finance Committee
Date of meeting: 5 March 2025
Reporting officer: Alan Adcock (General Manager – Corporate/CFO)

1 Purpose / Te Kaupapa

To provide the Capital Projects Report for the period ending 31 January 2025.

2 Recommendation / Whakataunga

That the Committee notes the Capital Projects Report for the period ending 31 January 2025.

3 Background / Horopaki

This report provides an update on the Capital Projects expenditure to date compared with phased budget.

4 Discussion / Whakawhiti kōrero

Capital Projects year to date expenditure as at 31 January 2025 is \$9.5m less than phased budget, equivalent to 86% of the year to date phased budget.

4.1 Financial/budget considerations

The January forecast completed by the business has a total annual spend of \$139.8m plus \$14.0m of carry forwards. This total of \$153.8m exceeds the LTP Year 1 capex budget of \$150.1m by \$3.7m. We will monitor this variance and update forecasts throughout the financial year to reflect capital programme delivery.

Significant carry forwards include:

Project	Value	Comment
Seal Extensions	\$2.0m	Delay in contract negotiations.
WWTP Odour Control	\$1.9m	Delay early in consent process. Due for completion late 2025.
OMB Rebuild	\$1.7m	Delay in construction

Animal Shelter	\$0.8m	Largely complete – final drainage works being finalised.
Parihaka Transmission Mast	\$0.5m	
Oakura Sports Park Development	\$0.5m	Currently completing detailed design. Tender of earthworks scheduled for next construction season.
Investment Property Refit	\$0.5m	Being reprioritised by new Property Department

Since the close of January forecasting the business has revised the forecast for the Northern Growth Area – the existing forecast is optimistic and will be revised downwards which will increase carry forwards. This will be reflected in the next financial report.

General Manager Approved Budget Changes:

There are no budget changes approved by General Managers this month.

Significant variances to budget:

With reference to the Capital Projects Graphs by Expenditure Type the overspend on renewals can be attributed to the approved unbudgeted expenditure on the Kapa Road Wastewater project, while the apparent underspend on level of service projects is driven by carryforwards.

5 Significance and engagement / Te Hira me te Arawhiti

The decisions or matters of this agenda do not trigger the significance criteria outlined in Council's Significance and Engagement Policy, and the public will be informed via agenda publication on the website.

CAPITAL PROJECTS GRAPHS AS AT 31 JANUARY 2025

The above graph illustrates Councils actual spend year-to-date compared to the prior year actuals, and the budget set as part of the Annual Plan/Long Term Plan. The green bars indicate the estimated timing of the budgeted spend as we progress through the year. This budget phasing occurs at the start of the financial year based on the information known at that time. The timing of the actual spend may differ to this phasing. The blue column indicates the level of capital spend expected by the end of the financial year. This forecast is updated periodically throughout the year.

The above graph shows what percentage of the phased budgeted capital programme has been achieved year to date by Activity. This can be useful in determining a snapshot view of the year to date progress as well as to highlight timing differences between the actual spend and timing of the phased budget.

CAPITAL PROJECTS GRAPHS BY PORTFOLIO

The above graph represents capital spend (actual and forecast) as a percentage of the budget for the same period:

The orange bar reflects actual spend compared to the year-to-date phased budget. If the orange bar is below 100%, it indicates either a timing difference between the budget phasing and the projects progress, or a delay in the project. Conversely, if the orange bar exceeds the 100% line, the project is ahead of schedule compared to the phased budget.

The blue bar reflects our forecasted spend by year end, and compares this to the full year budget. If the blue bar surpasses the 100% line, it suggests that spend is expected to exceed budget. If the blue bar is before the 100% line, it indicates that the full budget is not expected to be spent within this financial year, which should correlate with anticipated carry forwards.

By comparing these two data sets, we gain insight into whether the year-to-date position is expected to continue through to year end.

The portfolio's have been ordered by value, from largest to smallest, and represents the 10 portfolios with the largest budgets in the current financial year. These 10 portfolios account for 82.5% of the total annual projects budget.

CAPITAL PROJECT GRAPHS BY EXPENDITURE TYPE AS AT 31 JANUARY 2025

4.3 Operations Report – Corporate Group – March 2025

Meeting: Finance Committee
Date of meeting: 5 March 2025
Reporting officer: Alan Adcock (General Manager – Corporate/CFO)

1 Purpose / Te Kaupapa

To provide a brief overview of work across functions and services that the Corporate Group is responsible for.

2 Recommendation / Whakataunga

That the Finance Committee notes the Corporate Group operations report for March 2025 which contains statistics up to 31 January 2025.

3 Background / Horopaki

The Finance Committee terms of reference list key responsibilities which include provision of an operations report from the Corporate Group.

This report provides a brief overview of some of the operational highlights across functions and services of the Corporate Group, including comment on some future planned activities. This report contains statistics up to 31 January 2025 and other narrative is provided as a general update.

4 Significance and engagement / Te Hira me te Arawhiti

The decisions or matters of this agenda do not trigger the significance criteria outlined in Council's Significance and Engagement Policy, and the public will be informed via agenda publication on the website.

5 Attachment / Ngā Tāpiritanga

Attachment 1 – Corporate Group Operations Report – March 2025 (statistics to 31 January 2025)

1. Management Update

This report contains statistics up to 31 January 2025 and other narrative is provided as a general update.

1.1 Procurement Reporting – Contracts Approved Under Delegated Authority

ICT Department – CON25005 One NZ - Cellular and Data Services \$360,000

1.2 Current Priorities and Challenges

The challenges and priorities for the Corporate Group are outlined in the report under each department. In summary, the main issues are:

- supporting the organisation to implement the restructure – this led to significant 'behind the scenes' work for Finance and ICT
- establishing the new Property Department
- financial modelling for the 2025/26 Annual Plan
- implementation phase of several ICT projects
- tri-annual District rating revaluation – objection phase
- finalising information for the review of rating policy
- contributing to work on the Water Services Delivery Plan
- working with ratepayers to minimise rates arrears, and
- managing ongoing operational cost pressures.

2. Information Communications Technology (ICT)

2.1 Current Priorities and Challenges

Our current priorities are the preparation for Technology One Ci to CiA Transitions system testing and the release of Windows 11 to our beta group of testers.

The Project Lifecycle Management (PLM) project is in Early Life Support with preparations continuing for handover to the User Support team.

2.2 Operational Activities

Successful recruitment activities completed in December 2024 resulted in four new ICT Staff joining Council in January. Induction processes have been completed and our new staff have hit the ground running creating more capability within the ICT Department.

The deployment of new public facing kiosks at i-Sites and Clapham Clocks was completed with positive feedback.

Our GIS (Geographical Information Systems) team completed work on upgrading back-end infrastructure to continue alignment with the software's recommended version.

Information Management successfully updated the metadata within our Property Archive. In total, approximately 130,000 folders and 970,000 documents were included in this update.

Procurement

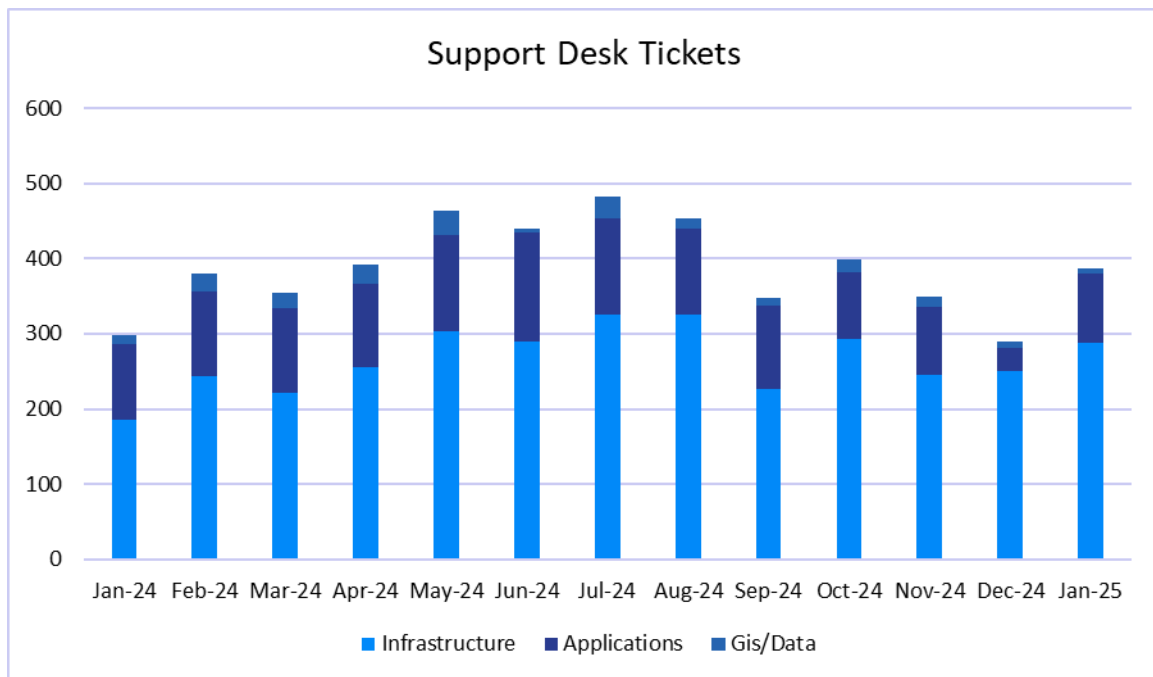

A variation to Procurement Policy was completed and approved for telephony provider One NZ. Due to various telephony contracts across multiple departments at Council, efforts to consolidate contracts has resulted in a need to review all services provided by the vendor. A 12 month extension to the existing contract will allow the necessary time to review and plan for the procurement process.

Contract Value: \$360,000pa Contract Number: CON25005

ICT End User Support

Business as usual support

- The User Support team has successfully deployed new information and public feedback displays at our i-Sites and the Clock Museum.
- The team are reaching out to local schools, re-purposing our older PC's and Laptops that can be reused within educational environments.
- Additionally, User Support are now deploying Windows 11 to the project beta group and facilitating training sessions.

Nine new staff members joined Council during January and ICT provided induction and co-ordinated training as needed.

ICT Systems Engineering

Managed Events/P1 Incidents for the month

Network Services on Level 3 at Te Iwitahi failed at the beginning of January. Due to the outage occurring on Public Holidays there was zero impact and the affected services were reinstated. The Contact Centre's telephony system developed a fault on 28 January resulting in inbound calls being diverted to the after-hours support number for 45 minutes to maintain Customer Service capability.

Availability Management

All systems at our Datacentre remained operational.

Business as usual

For the month of January, our focus continued to be on our Windows 11 upgrade with the deployment of our initial upgrade release, followed by a beta group. Minor issues have not disrupted the deployment and the Windows 11 project is firmly on track, although there is a small budget over-run forecasted as we had to use contractors at additional cost due to expert staff vacancies to meet project delivery deadlines.

The successful recruitment of two Systems Engineers has reduced the pressure on existing staff and contractors.

Information Management

Business as Usual

- Completed the metadata update of 970,000 archived property documents.
- Reviewed offsite records storage against digital records to reduce the requirement for additional long-term storage. All records stored at this location are now able to be destroyed and the storage contract will be terminated.

ICT Projects

The Product Lifecycle Management (PLM) project has reached a significant milestone as it concludes the final project phase of early life support. This transformative and successful implementation of PLM has resulted in appropriate project staging, workflow governance, and transparent reporting processes across the ICT and Infrastructure departments.

LEGEND:  NOT STARTED  ON TRACK  GOING OFF TRACK  OFF TRACK

Project Name	Phase	On Schedule	On Budget
Health & Safety – Phase 2	Execution		
• UAT passed and completed • Training material created & training sessions are starting mid-February • Go Live planned for 19 February			
HRIS – Talent and Succession	Planning		
• Met with General Manager People & Capability to discuss further requirements • Next step is to finalise and meet the ICT Architects' requirements			
PLM (Project LifeCycle Management)	Early Life Support		
• Staggered training and go live of PLM for Construction in progress • Planning to hand over project to BAU still in progress			
Windows 11 Deployment (W11)	Execution		
• Beta test group kicked off with aim to complete testing by 20 February • No major issues to date with testing • Go / No Go decision to deploy to organisation planned			
TechOne – NA (Names and Addresses)	Execution		
• Initial TechOne Readiness scripts for Transitions 1B have been completed • Customer Services are continuing to review all postal addresses associated to properties and correcting them. 950 of 2000 streets have been cleansed • Cleansing of emails and mobile numbers has begun. 400 mobile numbers and 1400 emails have been cleansed			
TechOne – DXP	Execution		
• DXP article structure is now confirmed and set up • Continuing the reviews of scanned articles • All DXP article categories to be linked to TechOne Request system • Customer Services team to commence adding the additional Knowledge content input this month			
TechOne – Ci to CiA Transition	Execution		
• Software fix for Vehicle Infringements on time, but still fails - Under investigation • DocOne template creation in progress • Test script creation in progress • Product training for project team planned			

3. Finance

3.1 Current Priorities and Challenges

Key priorities this month include:

- Preparation of 2025-26 Annual Plan budgets for Consultation
- Planning for 2024-25 Annual Report and associated audit
- Month end financial reports
- Working through impacts and process changes associated with the introduction of multi-year forecasting
- Continued work as a result of recent restructure
- Local Waters Done Well
- Input into various agendas across Council's businesses.

Key challenges this month include:

- Ongoing impacts including process and reporting changes, risks and additional reconciliations as a result of the introduction of multi-year forecasting.

3.2 Operational Activities

2024-25 Financial Year

A financial report for the six months ending 31 January 2025 has been included within a separate agenda. This report provides a comparison of year-to-date actuals with the phased budget, along with a full year forecast prepared by the business in October.

Year to date operating results are favourable, however once non-operating items are included, the overall year-to-date position is a surplus of \$3.7 million, compared to a budgeted surplus of \$8.7m million, resulting in an unfavourable variance of \$5.0 million.

Some of this adverse variance is due to lower than budgeted vested asset income, however the majority of the year to date is due to \$4.6m less capital revenue than budgeted. Some of this variance is expected to continue throughout the year due to lower than budgeted NZTA capital subsidy.

A full year forecast position will be updated by the business in February. This forecast will provide an updated indication of expected financial performance including operating variances to budget, capital programme delivery, carry forwards and debt forecasts. This forecast will be used to help inform the final budget for the 2025-26 Annual Plan. With uncertainty around the timing of capital revenue forecast to be received this financial year, it is expected that the revised full year forecast will show an increased unfavourable variance compared to the October full year forecast. Significant changes to the expected timing and receipt of external revenue creates challenges for cashflow and debt management as well as budgeting processes.

2025-26 Annual Plan

The Finance team has updated the financial model to provide information for the Council Briefing on 18 February. Although Year 2 of the Long-Term Plan (LTP) served as the starting point for the budget, significant changes have been made:

- Adjustments to the capital programme, including capital subsidies and operational expenditure on projects, resulting from carry forwards and brought forwards
- Reduction in Transportation budgets in line with confirmed NZTA funding
- Increased depreciation expense as a result of the asset revaluations at 30 June 2024.

While a balanced budget is achieved, the actual results will depend on the amount and timing of external funding received. Following the February Briefing, staff will work through the final adjustments to the draft 2025-26 Annual Plan. The financial statements will then be prepared, forming part of the Supporting Documents that will accompany the Consultation Document.

2025-26 Fees and Charges

In line with the standard cycle, fees owners have prepared proposed fees and charges for the 2025-26 year. Further information on the proposed fees will be provided to Council in a March briefing, with a concurrent consultation to the Annual Plan for those fees that require it.

2024-25 Annual Report and Audit

Initial planning for the 2024-25 Annual Report has commenced. The timing of Local Government Elections combined with the standard legislative deadline for adoption of 31 October 2025 creates additional complexity. The preparation of the Annual Report requires extensive resource from across the organisation and audit alike. Previous efforts to complete the Annual Report by September (prior to elections) have been difficult. With increasing complexity and scrutiny, along with competing priorities and workload, this is unlikely to be achievable. Management is currently exploring potential timelines and the implications of these and will report back to the Risk and Audit and Finance Committee in due course.

Multi-year Forecasting

Implementing multi-year forecasting as part of the wider Project Lifecycle Management (PLM) brings increased complexity. Multi-year forecasting and associated initiatives were seen as an essential step towards maximising the benefits of PLM. Working through the implementation and impacts of this has required, and will continue to require, significant resource from the Finance team, with already heavy workloads. Adapting processes, procedures, reporting and reconciliations to this new approach will take some time. Staff will continue to work through the intricacies of multi-year forecasting, total project budgets, and the new project delegations for moving budgets.

Training materials and guidance for requesting budget transfers is currently being prepared. Finance staff will work with the business as we continue to cement this new functionality and troubleshoot issues as they arise.

4. Revenue

4.1 Current Priorities and Challenges

Priorities:

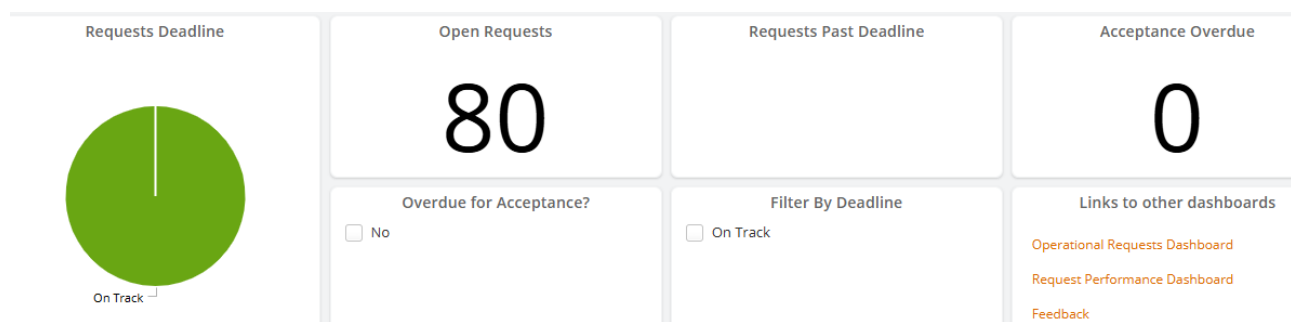

- 2025-26 Annual Plan
- Rates Review
- 2024 General Revaluation.

Challenges:

- Debt collection
- Meeting customers expectations despite longer-term unscheduled leave.

4.2 Request System Dashboard:

At 7 February 2025

There were 674 online customer service requests received in January which is 194 more than January last year. The 40% increase can be partly attributed to the 2024 general revaluation but there were many customers contacting Council about payments and arrears, or signing up for emailed notices. The 80 unresolved requests are: 24 from February, 18 from January, and 38 requests from July to December being valuation queries (required to be resolved by 30 June).

4.3 Operational Activities

Projects

In January the focus was:

- 2025-26 Annual Plan - preparation of the draft funding impact statement.
- Rates Review – further information was prepared for the February briefing and calculation of rates based on the direction provided in the previous meetings.
- Implementation of TechOne CiA for Sundry Debtors and Regulatory planned for June 2025.
- 2024 General Revaluation – processing any late objections.

Operations

There were 152 property sales in January, tracking 14% higher than last year (the 7 months ending 31 January 2025).

The 3rd land rates instalment was sent 20 January 2025 which generated more than the normal amount of queries.

The January billing for water rates was missing one route but the meter readers are now back on track.

Collections

At 31 January 2025, total land rates due are \$33.9 million (\$28.6 million January 2024) including prior years' arrears of \$2.3 million (\$2.1 million January 2024) of which \$1.4 million is Māori freehold land). Prior years' arrears decreased by \$0.7 million November to December. The large decrease is attributed to mortgagee demands being paid, property sales and contact from our debt collector, stimulating payments.

The total amount overdue for this year's land rates is \$2.2 million, compared to \$2.0 million January 2024.

Due to two of the collections team on longer-term unscheduled leave, coupled with the high level of customer queries, debt collection was reactive rather than proactive in January. Water rates arrears increased \$100,000 to \$620,000; however, one ratepayer paid \$66,000 late, and we expect to focus on water rates arrears in February.

5. Business Support

5.1 Current Priorities and Challenges

Current priorities include:

- Progressing procurement process for the security contract
- Review of CCTV across Council sites
- Recruitment.

Current challenges include:

- Coverage of staff with varied hours
- Capacity of workload with staffing levels.

5.2 Operational Activities

Procurement

Internal

- Providing general advice and support to staff involved in procurement-related projects.
- Participating in the Windows 11 Rollout test group.

Strategic

- The Procurement Advisor has been working closely with asset owning staff and our electricity retailer along with their subcontractor on a project to replace a significant number of electricity meters and modems. In the past this has been done by retailers one meter at a time, but this project is taking a strategic approach and treating the replacement program as one complex piece of work rather than multiple unrelated jobs.

Major work streams in procurement in January have included:

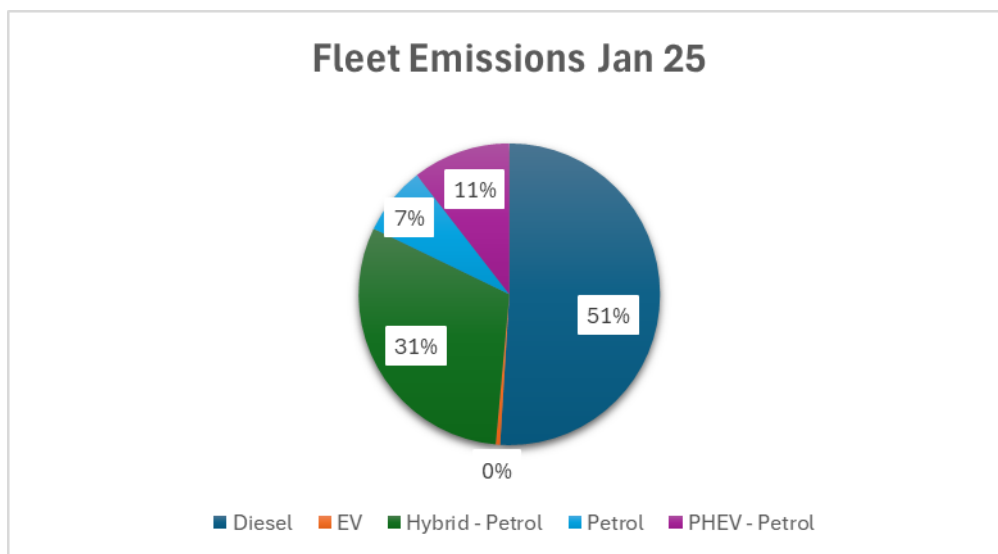

Service/Good Being Procured	Detail	Procurement Commencement Date	Business Owner	Date Advertised on GETS	Expected End Date
Security and Related Services	Security services including cash in transit, guard services and alarm monitoring	To be determined	Business Support	To be determined	To be determined
Tangata Whenua-Led Climate Planning Fund	Applying procurement decision-making methodology to fund application evaluations	BS involvement began – Dec 2024	Strategic Planning	NA	To be determined
Electricity Meter/Modem upgrade project	Upgrading electricity meters and modems across much of Council's network	Project start – December 2024	Business Support	NA	First quarter 2025
Professional Services for ALOS Phase 5	To procure professional services to prepare, lodge and	December 2024	Infrastructure Planning	TBA	TBA

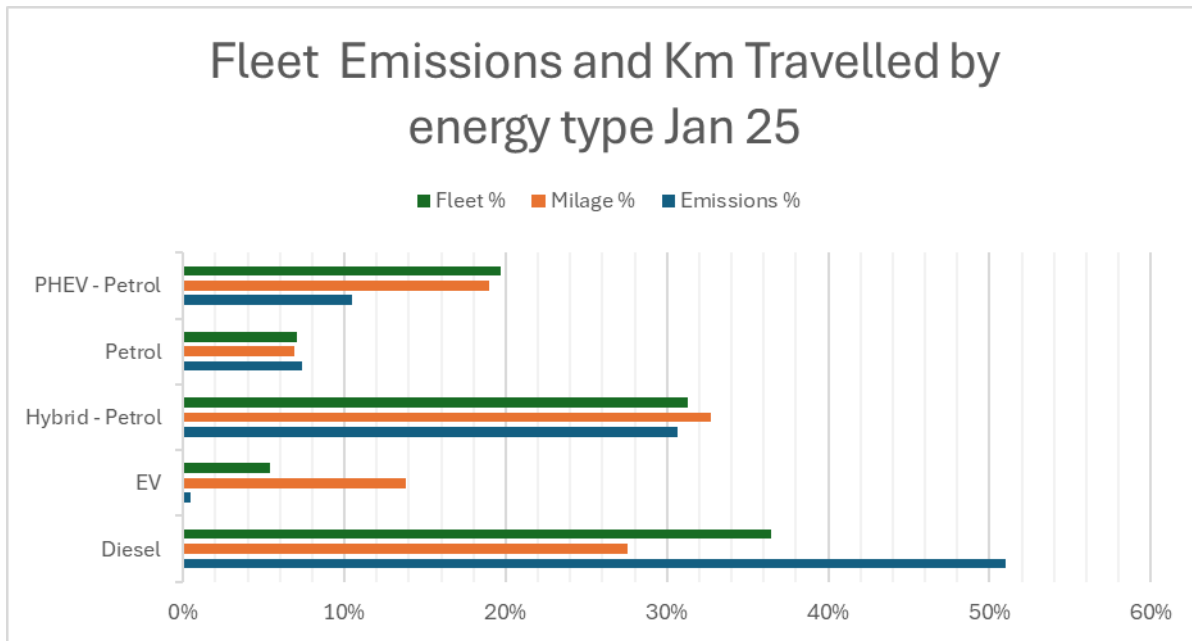

Service/Good Being Procured	Detail	Procurement Commencement Date	Business Owner	Date Advertised on GETS	Expected End Date
	manage two Notices of Requirement				
Archaeological Evidence in Support of Sites and Areas of Significance to Maori	To procure specialist expertise to support legislative requirements regarding the district plan review	December 2024	District Plan	January 2025	TBA

Fleet

In January the fleet travelled the distance of 68,122 kms.

The total fleet emissions for the above period amounted to 10,200 kg of CO₂ equivalents (CO₂e). As has been the case since reporting on emissions, diesel vehicles continue to make up just over half of these emissions.

Our current fleet comprises 58 vehicles in total:

11 Plug in Hybrids (PHEV) - Petrol	19%
4 Petrol 95	7%
19 Hybrids – Petrol	33%
8 Electric	14%
16 Diesel	28%

We are currently awaiting the arrival of PHEV Ford Ranger utes. New vehicles will need to be fit for purpose but with lower emissions to meet our sustainability aspirations.

6. Property

6.1 Current Priorities and Challenges

Current priorities include:

- Developing a new department structure and aligning responsibilities
- Begin Asbestos Surveys of Priority two sites including Pensioner Housing and Residential Housing.

Current challenges include:

- Resourcing is an issue while we recruit for the vacant roles.

6.2 Operational Activities

Facilities Maintenance

Highlights for the team were:

- Assisting with Animal Shelter set up and operational issues with new building
- Continuing to assist Business Support Team with handover as a result of restructure
- Providing recommendations regarding Assura Asbestos Register configuration to improve reporting
- Assisting with leases of Community buildings.

Projects

Name/Location	Details	Asset Owner/ Sponsor	Status	Estimated Completion
Animal Shelter	New building security and servicing set up for on-going asset management	Health and Bylaws	Completed	
Asbestos Surveys	Manage the Asbestos Survey of all Council owned buildings and update Asbestos database to meet legislative H&S requirements	Health and Safety	In Progress	31/12/2025
Old Municipal Building	Liaison with Project Manager on rebuild, manage tenant application process, relocate tenants as required	Community Development	In Progress	31/12/2025
Pensioner Housing Tenancy Management	Procurement Process to appoint Tenancy Management Services for Pensioner Housing portfolio	Community Development	In Progress	31/07/2025
Central City Car Park	Application of waterproofing membrane to seal car park building	District Development	Investigation/ Preparation	30/04/2025
Central Library	Air Conditioning	Libraries	Investigation/ Preparation	2025-2026

Leases and Licences

This month, our team has been actively engaged in updating and drafting new airport leases as the current agreements approach their expiration dates. Additionally, we have implemented modifications to existing leases to align with the evolving requirements of our lessees. Furthermore, we have successfully completed the review and renewal and assignment of several commercial leases.

Commercial Leases and Licences

- Processing 22 new leases and licences; 4 of which are in dispute regarding legal fees.
- Awaiting an update on the surrender of 2 leases, along with the issuance of a new lease
- Managing 10 rent reviews/renewals.
- Handling 2 renewals, 1 with a variation.
- Conducting 4 rent reviews.
- Processing 2 lease variations.

Parks and Reserves Leases and Licences

- Actively processing 8 deeds of lease. 3 more are on hold until we have answers on building upgrades.
- Starting 2 new premise deeds of lease. Researching a COP/sports club that don't appear to have had a lease before. Potentially we may have to do 3 leases on the property.
- Completed 4 rent reviews.
- Currently processing 3 rent reviews and 1 renewal of lease.
- Parks and Property are working together to get leases up to date.

7. Communications

7.1 Current priorities and challenges

Current priorities for the month include:

- Build of TechOne DXP customer-facing website content
- Design of organisation-wide consultation and engagement calendar for internal use
- Supporting busy summer events works and consultation season.

7.2 Operational activities

Media coverage

- Whangarei District Council risks jail over defying fluoridation order
- Whangarei District Council councillors risk imprisonment as rebel fluoride stance continues
- High Court appeal by developer over culturally significant Whangārei land
- Whangārei risks health court order in defying water fluoridation directive
- Millennium & Copthorne silent on Whangarei hotel plans due to NZX rules
- Whangārei welcomes hundreds with first cruise ship visit of 2025
- More raw sewage spilt into Whangarei Harbour: Regional Council considers enforcement action
- John Williamson – I am proud of what we have done towards the productivity and prosperity of the Whangarei District
- Kiwi Trail art show arrives in Whangarei leaving kiwi scattered all over town
- Whangārei welcomes first cruise ship of 2025
- Whangārei Town Basin marks 30 years of transformation and growth
- Mustering Northland's wild cattle not as hard as authorities reckon: Contractor
- Future-proofing our roads: the strategy behind timely reseals
- Residents slam council for wasting money on road resealing.

Communications and engagement projects

A summary of campaigns of note include:

Campaign	Comment
Summer information	Communication of summer information
Annual Plan	Draft consultation document and communications support
Endless Summer Festival	Festival promotion
Maori All Blacks	Match announcement publicity
Kiwi Art Trail	Communication support for the Whangarei leg of the Kiwi Art Trail
Cruise	Communication support for cruise season
Regional climate resilience	Comms support for Climate Adaptation Te Taitokerau joint regional working group, particular focus on making the TTCAN website live (Te Taitokerau Climate Action Network).
Coastal Protection Works Policy	Planning with NRC for a series of 'Coastal Conversations' over summer to build strong networks and community awareness of erosion control techniques, council processes and adaptation programmes, in partnership with CoastCare and Coastal Restoration Trust groups. These sessions will run from 3-7 March,

Campaign	Comment
	as part of SeaWeek 2025. Separate joint sessions will be offered to EMs from NRC and WDC, and key staff from both councils.
Elections 2025	Comms support and planning for Elections 2025 and the Māori Wards election process, currently the focus is on enrolment.
Kopipi Crescent Footpath	A community drop-in session was held on 30 January to gather feedback on the design of a proposed footpath along Park Rd and Kopipi Cres, Ngunguru. 25-30 people attended.
Raumanga Stream Rehabilitation	Letters and comms to community and nearby residents as part of the rehabilitation of the Raumanga Stream as part of the Blue Green Network Programme
Ngunguru Seawall restoration	Comms to community about construction starting on the restoration of the seawall
Water Sports Hub survey	Online survey closed on January 31 st for the wider public to give feedback on a potential Water Sports Hub.
Welcoming Communities: Welcoming Plan	Communications and engagement design for this programme to engage with newcomers and develop a Welcoming Plan
Hot Grill Summer	Design and promotion of a new burger food competition.
Love it Here Festival	Design and promotion of the upcoming festival to celebrate the opening of Cafler Park and Lover's Lane bridge.
Shared path maps	Design of new maps for all shared paths for us on our Council website, signage and brochures.
Knowledge Precinct Plan	Assistance with developing of a Communications Plan for this upcoming public engagement.
Dog bylaw signage	A refresh of the District's dog bylaw signs including te reo.

District pride campaign

We are increasing the focus on celebrating our place, showcasing more positive stories about our District, celebrating some of our local attractions and highlights, and encouraging the community to get behind well-known waste minimisation campaigns like Keep New Zealand Beautiful.

Activity over this period included:

- Kiwi trail colouring competition
- Welcoming Plan – invitation to community engagement sessions
- Come join us at the Love it Here festival
- Dragonfly Springs Wetland Sanctuary
- Aquatic Centre refurbishments
- Youth Advisory group podcast
- Hot Grill Summer promo
- Ngunguru seawall construction
- Renew School reaches waste minimisation milestone
- Peak roading season road questions video
- Bumble bees at Botanica
- Visit the Night Library at Love it Here Festival
- Local Kiwis staying on in Whangarei (Love it Here)
- Valentine's Day countdown is on – check out our 50 first date ideas (Love it Here)
- Cruise ship incoming (Love it Here)

- Conquer Mt Manaia this weekend (Love it Here)
- Welcome to Whangārei the Seven Seas Voyager! Welcome to Whangārei the Seven Seas Voyager!
- Best beach competition win (Love it Here).

Social media

January is generally not a high usage time for social media, so we'd expect overall reach numbers to be lower than normal. Despite that, we've still seen high engagement on posts (i.e. comments, click-throughs, shares) and effectively delivered messages to their target audience.

Examples of highest reaching posts in January 2025 - refer to Appendix 1 for screenshots.

Topic	Reach and interaction notes
Pohe Island roadworks (crossing)	26k reach, 66% non-followers
Waikaraka fire & road closure	22k reach, text-only format.

Website and digital channels

Digital transformations*

We are building website capacity to allow for more customer interactions online.

Completed digital transformations:

- New walking and cycling section on website with separate pages for each shared path
- Alcohol Licensing subscription list (eNewsletters)
- Forum North patron feedback
- Hot Grill Summer burger people's choice award

Process transformations underway:

- Event Public event feedback form
- New content for Cycling and Shared Paths section of the website

** Updated every three months – next update May 2025.*

Top 5 pages visited (main website only, Google Analytics report)

**“Search”, like “home” will no longer be listed unless they are both outperformed by another page.*

Roadworks and lane closure: Pohe Island

We're moving and upgrading the crossing next to the Bike Park on Pohe Island, starting Monday 6 January 2025. Dave Culham Drive will be reduced to one lane during this work. Northbound traffic will be able to come across Te Matau a Pohe raising bridge, from Port Road to Riverside Drive only.

Road traffic heading south from Onerahi will need to use Riverside Drive instead (no access to Dave Culham Drive). This will be in place 24/7 for three weeks.

Full project info:

Waikaraka fire: Whangarei Heads Road is reduced to 30km/h near the Beach Road intersection. Please drive with caution and be prepared for smoke. Give way to emergency vehicles.

✓ **Alternative route:** Use Mt Tiger Road to access Whangarei Heads.

Please refer to [Northland - Fire and Emergency](#) for updates.

RESOLUTION TO EXCLUDE THE PUBLIC**Move/Second**

That the public be excluded from the following parts of proceedings of this meeting.

The general subject of each matter to be considered while the public is excluded, the reason for passing this resolution in relation to each matter, and the specific grounds under Section 48(1) of the Local Government Official Information and Meetings Act 1987 for the passing of this resolution are as follows:

General subject of each matter to be considered	Reason for passing this resolution in relation to each matter	Ground(s) under Section 48(1) for passing this resolution
1.1 Confidential Minutes Finance Committee meeting held 4 December 2024	Good reason to withhold information exists under Section 7 Local Government Official Information and Meetings Act 1987	Section 48(1)(a)

This resolution is made in reliance on Section 48(1)(a) of the Local Government Official Information and Meetings Act 1987 and the particular interest or interests protected by Section 6 or Section 7 of that Act which would be prejudiced by the holding of the whole or the relevant part of the proceedings of the meeting in public, are as follows:

Item	Grounds	Section
1.1	For the reasons as stated in the open minutes.	

Resolution to allow members of the public to remain

If the committee wishes members of the public to remain during discussion of confidential items the following additional recommendation will need to be passed:

Move/Second

“That _____ be permitted to remain at this meeting, after the public has been excluded, because of his/her/their knowledge of Item _____.

This knowledge, which will be of assistance in relation to the matter to be discussed, is relevant to that matter because _____.
