6. Closure of Meeting / Te katinga o te Hui	

Finance Committee – Terms of Reference

Membership

Chairperson	Councillor Paul Yovich
Deputy Chairperson	Councillor Phil Halse
Members	His Worship the Mayor Vince Cocurullo Councillors Ken Couper, Deborah Harding, Patrick Holmes and Simon Reid
Meetings	Monthly
Quorum	4

Purpose

To ensure than Council finances and other corporate support functions are well managed. Management of disposal and purchase of individual properties within Council's commercial property portfolio.

Key responsibilities

- Manage the budget process including the co-ordination and preparation of budgets and financial statements for the Annual Plan and Long-Term Plan.
- Preparation of the financial component of Council's Annual Report.
- Operational reporting for the Corporate Group within Council.
- Operational accountability of performance including:
 - Health and Safety
 - Regular reporting on service delivery
 - Compliance
 - Sustainability
 - Finance
- Procurement – general procurement relating to the areas of business of this committee, within delegations.
- Shared Services – investigate opportunities for shared services for recommendation to council.

- Council's commercial property portfolio, including:
 - The purchase and disposal of commercial properties specifically identified in the Long Term Plan
 - The purchase and disposal of commercial properties as authorised by Council, where these are not specifically identified in the Long Term Plan.
 - Recommendations to Council for the purchase and disposal of any other commercial properties.
- Council Controlled Organisations (CCOs) – monitoring the financial and non-financial performance of CCOs whose functions would otherwise fall under the scope of this committee. Includes trading CCOs (CCTOs) and those CCOs exempted under the LGA. Responsibilities include:
 - advising on the content of annual Statement of Expectations to CCOs
 - monitoring against the Statement of Intent
 - for exempted CCOs, monitoring and reporting as agreed between Council and the organisation
 - quarterly reporting on performance

CCO accountable to this committee:

- Local Government Funding Agency (LGFA)
**Statement of Intent agreement to council*

Delegations

- (i) All powers necessary to perform the committee's responsibilities, including:
 - (a) Approval of expenditure of less than \$5 million plus GST.
 - (b) Purchase and disposal of commercial properties as identified above and within the budget limits identified in the Long Term Plan.
 - (c) Establishment of working parties or steering groups.

The Committee does not have:

- I. The power to establish sub-committees.
- II. The powers Council is expressly prohibited from delegating as outlined in Clause 32(1)(a)-(h) of Schedule 7 of the Local Government Act 2002; being:
 - the power to make a rate
 - the power to make a bylaw
 - the power to borrow money, or purchase or dispose of assets, other than in accordance with the long-term plan

- the power to adopt a long-term plan, annual plan or annual report
- the power to appoint a chief executive the power to adopt policies required to be adopted and consulted on under the Local Government 2002 in association with the long-term plan or developed for the purpose of the local governance statement
- the power to adopt a remuneration and employment policy.

Finance Committee Meeting Minutes

Date: Thursday, 22 May, 2025
Time: 1:30 p.m.
Location: Civic Centre, Te Iwitahi, 9 Rust Avenue

In Attendance
 Cr Paul Yovich (Chairperson)
 Cr Phil Halse (Deputy Chairperson)
 His Worship the Mayor Vince Cocurullo
 Cr Deborah Harding
 Cr Simon Reid

Not in Attendance
 Cr Ken Couper
 Cr Patrick Holmes

Scribe N. Pestana (Team Leader, Democracy)

1. **Declarations of Interest / Take Whaipānga**

No interests were declared.

2. **Apologies / Kore Tae Mai**

Cr Ken Couper and Cr Patrick Holmes.

Moved By Cr Paul Yovich

Seconded By His Worship the Mayor

That the apologies be sustained.

Carried

3. **Confirmation of Minutes of Previous Finance Committee Meeting / Whakatau Meneti**

3.1 **Minutes Finance Committee meeting held on 29 April 2025**

Moved By Cr Paul Yovich

Seconded By His Worship the Mayor

That the minutes of the Finance Committee meeting held Tuesday 29 April 2025, having been circulated, be taken as read and now

confirmed and adopted as a true and correct record of proceedings of that meeting.

Carried

4. Information Reports / Ngā Pūrongo Kōrero

4.1 Financial Report for the 10 months ending 30 April 2025

Moved By Cr Paul Yovich

Seconded By Cr Phil Halse

That the Finance Committee notes the operating results for the ten months ending 30 April 2025.

Carried

4.2 Capital Projects Report for the 10 Months Ending 30 April 2025

Moved By His Worship the Mayor

Seconded By Cr Paul Yovich

1. That the Finance Committee notes the Capital Projects Report for the period ending 30 April 2025.
2. That staff prepare a report for the June 2025 Finance Committee meeting about how to create a sustainable and achievable capital programme to present to full Council.

Carried

4.3 Operations Report - Corporate Group - May 2025

Moved By Cr Paul Yovich

Seconded By Cr Deborah Harding

That the Finance Committee notes the Corporate Group operations report for May 2025 which contains statistics up to 30 April 2025.

Carried

5. Public Excluded Business / Rāhui Tangata

Moved By Cr Paul Yovich

Seconded By His Worship the Mayor

That the public be excluded from the following parts of proceedings of this meeting. The general subject of each matter to be considered while the public is excluded, the reason for passing this resolution in relation to each matter, and the specific grounds under Section 48(1) of the Local Government Official

Information and Meetings Act 1987 for the passing of this resolution are as follows:

General subject of each matter to be considered		Reason for passing this resolution in relation to each matter	Ground(s) under Section 48(1) for passing this resolution
1.1	Commercial Property - April Update	Good reason to withhold information exists under Section 7 Local Government Official Information and Meetings Act 1987	Section 48(1)(a)

This resolution is made in reliance on Section 48(1)(a) of the Local Government Official Information and Meetings Act 1987 and the particular interest or interests protected by Section 6 or Section 7 of that Act which would be prejudiced by the holding of the whole or the relevant part of the proceedings of the meeting in public, are as follows:

Item	Grounds	Section
1.1	To enable Council to carry on without prejudice or disadvantage commercial activities.	S7(2)(h)
	To enable Council to carry on without prejudice or disadvantage negotiations (including commercial and industrial negotiations).	S7(2)(i)

Carried

6. Closure of Meeting / Te katinga o te Hui

His Worship the Mayor concluded the meeting at 2.23pm with a prayer.

Confirmed this 26th day June 2025

Cr Paul Yovich (Chairperson)

4.1 Financial Report for the 11 months ending 31 May 2025

Meeting: Finance Committee
Date of meeting: 26 June 2026
Reporting officer: Alan Adcock (General Manager – Corporate/CFO)

1 Purpose / Te Kaupapa

To provide the operating results for the eleven months ending 31 May 2025.

2 Recommendation / Whakataunga

That the Committee notes the operating results for the eleven months ending 31 May 2025.

3 Background / Horopaki

3.1 Operating Result

Year to date actuals – Operating Result (\$4.3m favourable)

The net position from Operations is a year-to-date favourable variance of \$3.4 million. This is mainly due to a \$3.0 million budgeted grant to Hihiaua not paid yet. The District Development team continue to work with the Trust, which has redefined the scope of work and are now working through the final designs for Stage Two. The expectation is that funds will be released over the 2025-26 and 2026-27 financial years as the milestones within the funding agreement are achieved. This month's forecast has been updated to reflect this, as well as the 2025-26 Annual Plan budget, noting this will place additional pressure on our Balanced Budget position.

Year to date actuals – Overall Result (\$15.5m unfavourable)

Once non-operating items are included, the overall year-to-date position is a surplus of \$9.2 million, compared to a budgeted surplus of \$24.7 million, resulting in an unfavourable variance of \$15.5 million.

Key year-to-date variances include:

- Minimal vested asset income has been captured this year, resulting in an unfavourable variance of \$7.7m. This is a non-cash item dependent on when assets are vested to Council. Several factors contribute to this unfavourable variance:
 - **Limited resource within the asset data team:** staff have focussed their attention on working through work in progress balances and capitalising

completed projects ahead of year end. This combined with an increased workload due to higher capital delivery has created some backlog in the processing of vested assets. Focus will be given to vested asset income over the coming month, however this is not expected to be significant.

- **Lower development activity in the economy:** this revenue is dependent on development activity, impacted by the current economy
- **Timing of development completion:** some developments have been completed however the final clearance certificate has not yet been issued, which triggers the vesting process. This revenue is likely to be recognised in the following financial year.
- Other Capital contributions are generally phased in accordance with the capital projects to which they relate. The receipt of this revenue will depend on satisfying milestones included within the underlying funding agreements. This can create variances between the phased budget and the year-to-date actuals. Total capital income is \$10.0m unfavourable compared to year-to date budget.
- Other timing differences can also occur when the phased budget differs to the actual costs incurred. The full year forecast provides a more accurate view of anticipated results for the year.

Full year forecast – Operating Result (\$1.7m favourable)

This month's forecast result shows a favourable operational variance against budget of \$1.7 million, an improvement from the March forecast \$2.5 million unfavourable. This is mainly due to the revised timing of the Hihiaua grant now expected to be paid next financial year.

Full year forecast – Overall Result (\$19.2m unfavourable)

The forecast net surplus for the financial year ending 30 June 2025 is \$6.4 million compared to the budgeted surplus of \$25.6 million resulting in an unfavourable variance of \$19.2 million. These results are based on forecast figures provided by budget managers in May 2025.

The unfavourable variance for capital income (excluding non-cash items) has increased to \$10.6 million (Mar: \$10.1m). This variance is largely due to the reduced capital funding from NZTA, as well as anticipated timing of external revenue for the Springs Flat project (the majority of which is now expected to be received next financial year) and the Morningside Flood relief project.

Vested asset income has been reduced to \$2.9 million, compared to a budget of \$11.0 million. Additional information on vested asset income is included above. This is a non-cash item to account for the value of any assets vested to Council, determined by development within the district.

Key full year forecast variances by activity include:

Details	Variance to budget	Explanation
Operating Income – \$2.6m favourable		
Transportation \$1.4m favourable		
Roading department	\$1.1m	Increased NZTA subsidies for emergency works

Water \$597k favourable		
Water services	\$533k	Water rates & fees and charges
Solid Waste \$409k favourable		
Recycling	\$525k	Miscellaneous income
Transfer stations	(\$118k)	Fees and charges
Community Facilities and Services \$464k favourable		
Community development	\$255k	Other revenue
Other cost centres	\$181k	Fees and charges & other revenue
Planning & Regulatory \$342k favourable		
Building control	(\$692k)	Inspections and consents
RMA consents	\$457k	User fees & charges
Health & bylaws	\$782k	Dog control, parking enforcement & WOF/rego infringements
Other cost centre	(\$261k)	Fees and charges
Support Services (\$658k) unfavourable		
Revenue department	(\$817k)	Rates received
Business support	(\$247k)	Rent received
Treasury	\$475k	Interest received
Other Expenses - (\$4.7m) unfavourable.		
(Includes an overspend of \$0.7m other expenses, unbudgeted loss on disposal of assets of \$5.3m and an underspend of OpEx on projects of \$1.3m). Key variances as follows:		
Transportation (\$1.7m) unfavourable		
Emergency works	(\$1.6m)	Maintenance contracts & professional fees (due to increased subsidy)
Other cost centres	(\$674k)	Various expenses
Opex on projects	\$613k	External contractor payments & professional fees
Parks & Recreation (\$982k) unfavourable		
Opex on projects	(\$779k)	External contractor payments
Loss on disposal of assets	(\$594k)	Non-cash loss on assets disposed

Public toilets	(\$315k)	Maintenance contracts and other expenses
Parks grants	\$763k	Community grants
Water (\$3.1m) unfavourable		
Other cost centres	(\$610k)	Various expenses
Opex on projects	(\$351k)	External contractors & professional fees
Loss on disposal of assets	(\$2.2m)	Non-cash loss on assets disposed
Wastewater (\$2.9m) unfavourable		
Reticulation operations	(\$1.3m)	Plant & equipment maintenance, mainly Kapa Road
Pump stations	(\$422k)	R&M, electricity and maintenance contracts
Plant operation	(\$524k)	R&M, electricity and external contractors
Opex on projects	\$392k	External contractor payments & professional fees
Loss on disposal of assets	(\$1.3m)	Non-cash loss on assets disposed
Stormwater \$523k favourable		
Opex on projects	\$742k	External contractor payments
Loss on disposal of assets	(\$281k)	Non-cash loss on assets disposed
Solid Waste \$757k favourable		
Recycling	\$1.1m	External contractors and other expenses
Loss on disposal of assets	(\$340k)	Non-cash loss on assets disposed
Community Facilities & Services \$2.6m favourable		
Civil defence	(\$479k)	Grants & funding
Community development	\$2.9m	Grants & funding
Opex on projects	\$517k	External contractor payments
Loss on disposal of assets	(\$309k)	Non-cash loss on assets disposed
Planning & Regulatory \$407k favourable		
RMA consents	(\$590k)	Professional fees
District plan	\$560k	Professional & legal fees
Various cost centres	\$439k	Various expenses

Support Services (\$431k) unfavourable		
Infrastructure development	(\$111k)	Professional fees
Revenue	(\$162k)	Postage and courier & printing
Opex on projects	(\$152k)	External contractors & professional fees
Capital Income – (\$16.9m) unfavourable		
Other capital contributions	(\$7.4m)	Revenue recognition of capital contributions is dependent on milestones in the various funding agreements being achieved. Any delays in capital programme delivery will impact the timing of the associated revenue.
Gain on disposal of assets	\$1.7m	Gain on sale of property.
Vested asset income	(\$8.1m)	Vested asset income is a non-cash adjustment used to recognise the value of assets vested to Council therefore does not directly impact funding or debt.
Waka Kotahi NZTA capital subsidies	(\$2.8m)	This forecast is based on the suggested approach to the roading programme upon confirmation of subsidy available from NZTA.

End of Financial Year Adjustments

As we approach the end of the financial year, accruals and year end adjustment will be performed as part of the preparation of the 2024-25 Annual Report. These adjustments will be worked through during July and into August. As a result, a full finance report will not be prepared for the 12 months ending 30 June 2025. Full year results will be communicated and presented to Council as part of the 2024-25 Annual Report.

As part of our capitalisation process, efforts have been made to reduce the Work in Progress balance. This involves capitalising completed assets, as well as reclassifying some transaction to OpEx where they are unable to be capitalised according to accounting standards. These costs will be included within the Annual Report's Income Statement and will impact the surplus/deficit as well as the balanced budget benchmark result. More information will be provided in due course.

External Net Debt and Treasury

Total net external debt at the end of May 2025 was \$238.6 million compared to year-to-date budgeted net debt of \$244.4 million, resulting in net debt being \$5.8 million under budget.

This variance is mainly due to:

- Timing differences between the forecasted debt (based on historical trends), and the timing of income received, and expenses incurred.

As at 31 May 2025 cash and term deposits held of \$56.4 million was comprised of:

- \$39.0 million of term deposits relating to short term borrowings not yet required
- \$1.6 million cash on hand relating to contract retentions held
- \$15.8 million of cash on hand.

4 Discussion / Whakawhiti kōrero

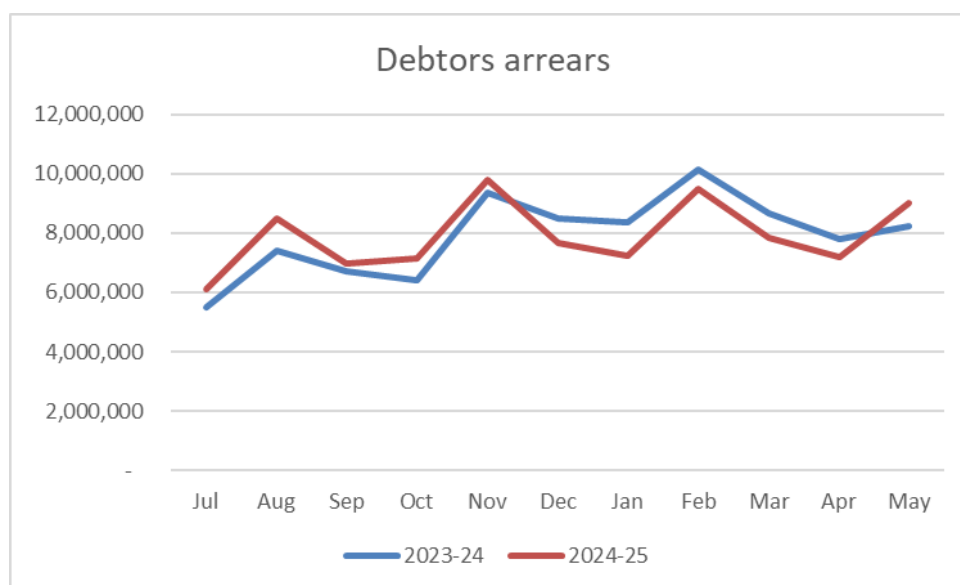

Total arrears as at 31 May 2025 are \$9.0 million, \$0.8 million more than May 2024, and \$1.8 million more than last month.

Land rates arrears are \$1.8 million more than last month and \$0.5 million more than May 2024. This equates to an 18% increase, tracking slightly more than the rates increase. The land rates arrears increase is principally comprised of the overdue 4th instalment. Land rates arrears reduced \$0.5 million between 31 May and 12 June 2025.

Water rates arrears are the same as last month and \$0.1 million more than May 2024.

Sundry debtors are \$0.2 million more than last month and \$0.2 million more than May 2024.

Below is a graph comparing arrears against last year:

5 Financial/budget considerations / Ngā pānga pūtea/tahua

This agenda is informing the Council of the year-to-date financial performance, as well as full year forecast. The purpose of this report is to highlight risks and significant variances against Council's planned performance.

Finance will discuss adverse variances with the relevant areas of the business to identify causes and determine what action should be taken to remedy overspends where possible. These variances will also be highlighted to senior management.

6 Significance and engagement / Te Hira me te Arawhiti

The decisions or matters of this agenda do not trigger the significance criteria outlined in Council's Significance and Engagement Policy, and the public will be informed via agenda publication on the website.

TREASURY REPORT

31 MAY 2025

S&P GLOBAL RATINGS CREDIT RATING:

AA

Outlook: Stable

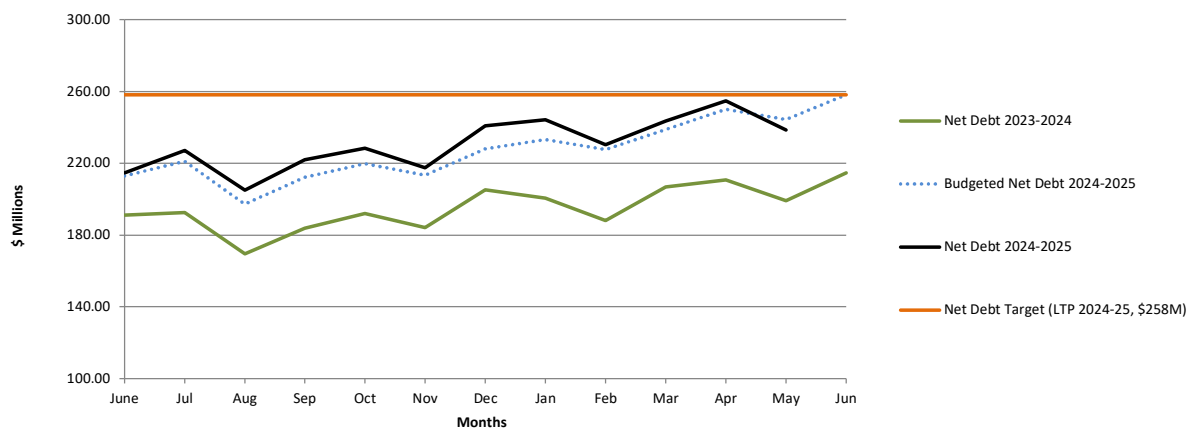

DEBT SUMMARY:**As at 31 May 2025**

External Debt		
Opening public debt as at 1 May 2025		295,000,000
Plus loans raised during month	-	
Less loan repayments made during month (Note: Facility movement has been netted)	-	
Net movement in external debt		-
Total External Debt		295,000,000
Less: Cash balances (excluding funds held on behalf)	17,422,810	
Term deposits (Funds held on deposit until required for project funding)	39,000,000	
Total cash and term deposits		56,422,810
Total Net External Debt		238,577,190

Note: Council also holds \$6.0m of LGFA borrower notes. These are not included in net external debt as per Council's Treasury Risk Management Policy.

External debt is represented by:

Less than 1 Year	68,000,000
1-3 Years	59,000,000
3-5 Years	100,000,000
Greater than 5 Years	68,000,000
Total	295,000,000

NET EXTERNAL DEBT COMPARED TO BUDGET:**Internal Funding***

Community Development Funds		11,899,858
Property Reinvestment Reserve - Committed	-	
Property Reinvestment Reserve - Available for Investment	19,214,240	
		19,214,240
Hikurangi Swamp		696,407
Waste Minimisation Reserve		1,084,134
Water Reserve		24,602,220
Wastewater Reserve		41,493,694
Total		98,990,554

*Note: Reserves Funding is disclosed to ensure transparency of Council's use of cashflow management to fund capital works.

Where funds are raised through property sales or targeted rates for Water, but they are not required for immediate investment in that asset category, Council's Revenue and Financing policy allows them to be used for other purposes, rather than being held on deposit.

To ensure total transparency of this we create Reserve Accounts so that the appropriate funding can be made available and transferred back when it is required. The timing of projects requiring these funds is set out in our Long Term Plan (LTP) and/or Annual Plan (AP).

These Reserves are not a liability to an external party, and are not part of Council's debt obligations.

The Property Reinvestment Reserve is split to record funds that have been already been committed to land purchases, and the remaining uncommitted balance that is available for other future investment purchases.

The only situation where our Net Debt would increase as a result of these Reserves is if major expenditure on Water Assets or property purchases is brought forward from the dates set out in the LTP/AP.

4.2 Capital Projects Report for the 11 months ending 31 May 2025

Meeting: Finance Committee
Date of meeting: 26 June 2025
Reporting officer: Alan Adcock (General Manager – Corporate/CFO)

1 Purpose / Te Kaupapa

To provide the Capital Projects Report for the period ending 31 May 2025.

2 Recommendation / Whakataunga

That the Committee notes the Capital Projects report for the period ending 31 May 2025.

3 Background / Horopaki

This report provides an update on the Capital Projects expenditure to date compared with the phased revised budget.

4 Discussion / Whakawhiti kōrero

Capital Projects year to date expenditure of \$100.2 million is \$23.2 million less than the phased revised budget. This month the business provided a forecast year end position of total expenditure of \$116.8 million, with carry forwards of \$33.8 million. Significant carry forwards include:

Project	Carry forward Value	Comment
Springs Flat Roundabout	\$4.7 m	No change from previous forecast
Whangarei WWTP Odour Control	\$2.0 m	Increase from previous forecast
OMB Fire Rebuild	\$1.9 m	Reduction from previous forecast
Stormwater Reticulation Renewals	\$1.5 m	Increase from previous forecast

Investment Property Refit	\$1.3 m	No change from previous forecast
---------------------------	---------	----------------------------------

Budget Transfers

This month \$185,000 was transferred within the Digital Strategy which resulted in a small movement between the expenditure types, being \$18,500 of renewal budget and \$37,000 of growth budget transferred to the Level of Service budget. The \$55,500 transferred to Level of Service represents 0.01% of the Digital Strategy budget.

5 Significance and engagement / Te Hira me te Arawhiti

The matters of this Agenda do not trigger the significance criteria outlined in Council's Significance and Engagement Policy, and the public will be informed via agenda publication on the website.

CAPITAL PROJECTS GRAPHS AS AT 31 MAY 2025

The above graph illustrates Council's actual spend year-to-date compared to the prior year actuals, and the budget set as part of the Annual Plan/Long Term Plan. The green bars indicate the estimated timing of the budgeted spend as we progress through the year. This budget phasing occurs at the start of the financial year based on the information known at that time. The timing of the actual spend may differ to this phasing. The blue column indicates the level of capital spend expected by the end of the financial year. This forecast is updated periodically throughout the year.

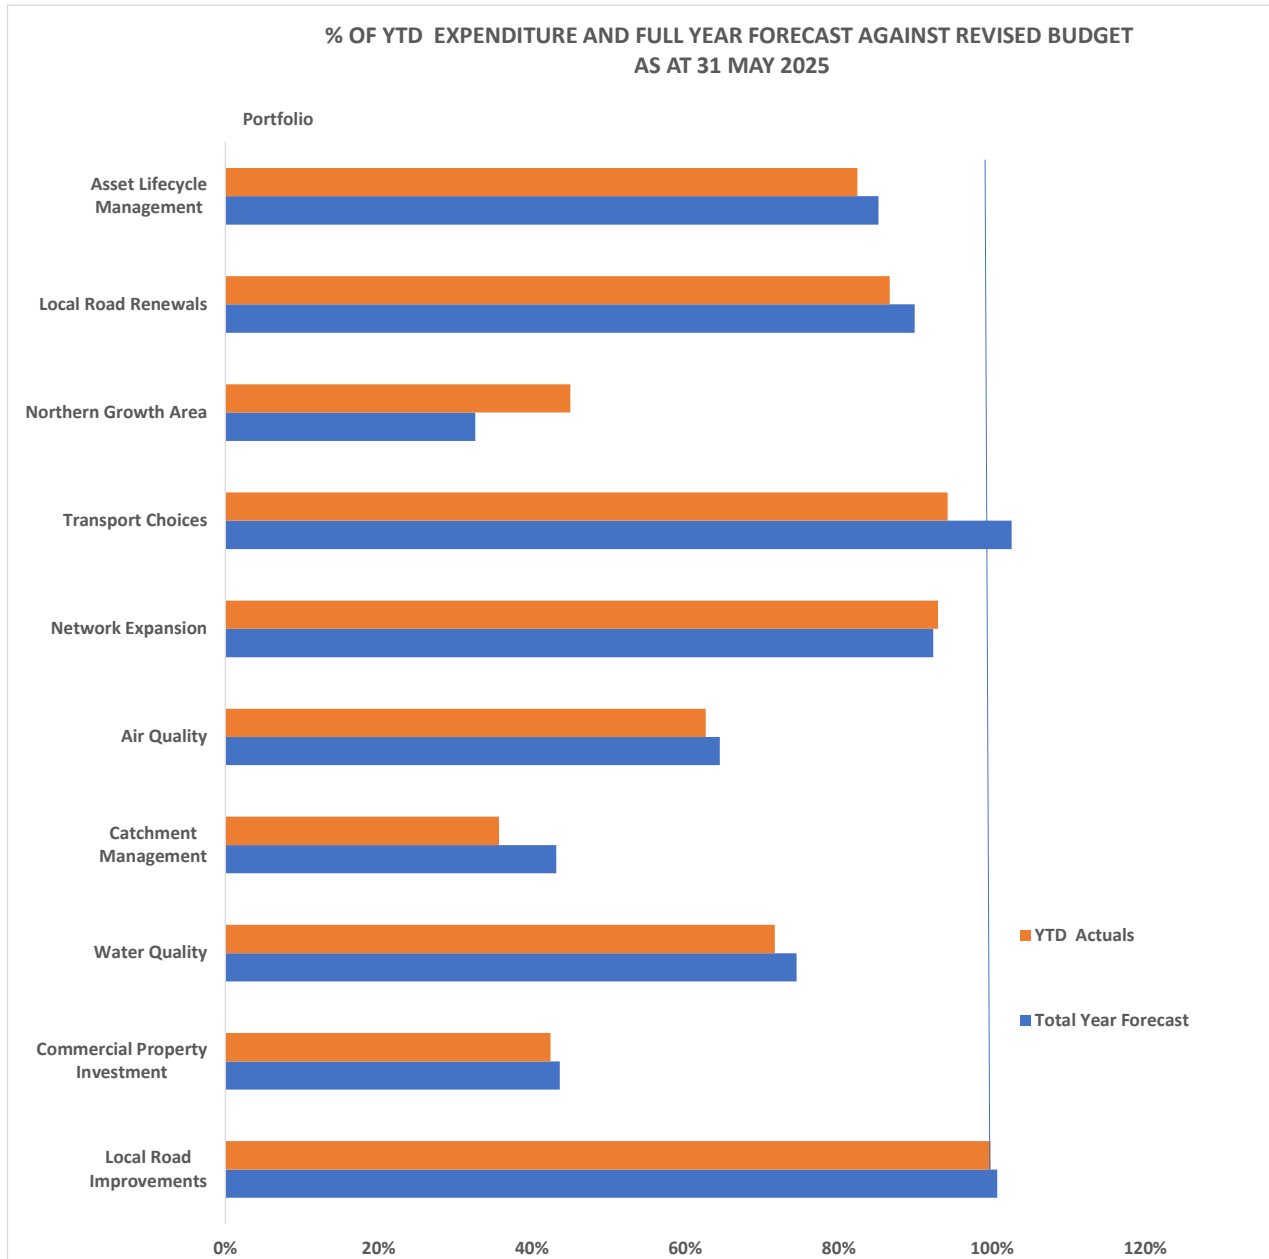

The above graph shows what percentage of the phased budgeted capital programme has been achieved year to date by Activity. This can be useful in determining a snapshot view of the year to date progress as well as to highlight timing differences between the actual spend and timing of the phased budget.

CAPITAL PROJECTS REPORT BY PORTFOLIO

AS AT 31 May 2025

Portfolio	YTD Actuals \$000's	YTD Revised Budget \$000's	YTD Variance \$000's	Annual Forecast \$000's	Annual Revised Budget \$000's	Annual Variance \$000's	Portfolio Description

CAPITAL PROJECTS GRAPHS BY PORTFOLIO

The above graph represents capital spend (actual and forecast) as a percentage of the budget for the same period:

The orange bar reflects actual spend compared to the year-to-date phased budget. If the orange bar is below 100%, it indicates either a timing difference between the budget phasing and the projects progress, or a delay in the project. Conversely, if the orange bar exceeds the 100% line, the project is ahead of schedule compared to the phased budget.

The blue bar reflects our forecasted spend by year end, and compares this to the full year budget. If the blue bar surpasses the 100% line, it suggests that spend is expected to exceed budget. If the blue bar is before the 100% line, it indicates that the full budget is not expected to be spent within this financial year, which should correlate with anticipated carry forwards.

By comparing these two data sets, we gain insight into whether the year-to-date position is expected to continue through to year end.

The portfolio's have been ordered by value, from largest to smallest, and represents the 10 portfolios with the largest budgets in the current financial year. These 10 portfolios account for 84.4% of the total annual projects budget.

CAPITAL PROJECT GRAPHS BY EXPENDITURE TYPE AS AT 31 MAY 2025

4.3 Operations Report – Corporate Group – June 2025

Meeting: Finance Committee
Date of meeting: 26 June 2025
Reporting officer: Alan Adcock (General Manager – Corporate/CFO)

1 Purpose / Te Kaupapa

To provide a brief overview of work across functions and services that the Corporate Group is responsible for.

2 Recommendation / Whakataunga

That the Finance Committee notes the Corporate Group operations report for June 2025 which contains statistics up to 31 May 2025.

3 Background / Horopaki

The Finance Committee terms of reference list key responsibilities which include provision of an operations report from the Corporate Group.

This report provides a brief overview of some of the operational highlights across functions and services of the Corporate Group, including comment on some future planned activities. This report contains statistics up to 30 April 2025 and other narrative is provided as a general update.

4 Significance and engagement / Te Hira me te Arawhiti

The decisions or matters of this agenda do not trigger the significance criteria outlined in Council's Significance and Engagement Policy, and the public will be informed via agenda publication on the website.

5 Attachment / Ngā Tāpiritanga

Attachment 1 – Corporate Group Operations Report – June 2025 (statistics to 31 May 2025)

Operations Report Corporate Group

Appendix 1 - Social media (by top performing post)	25

1. Management Update

This report contains statistics up to 31 May 2025 and other narrative is provided as a general update.

1.1 Procurement Reporting – Contracts Approved Under Delegated Authority

ICT Department

CON22095 Cemetery Files Digitisation. \$200,000 Project awarded to Desktop Imaging to digitise all Cemetery records held in offsite storage.

Property Department

CON24029 Pensioner Housing Tenancy Management Services - 5 Year contract awarded to Whangarei A&P – Total value of the contract \$1,347,000 (includes a provisional sum of \$650,000 for General Maintenance).

1.2 Current Priorities and Challenges

The challenges and priorities for the Corporate Group are outlined in the report under each department. In summary, the main issues are:

- finalising the 2025/26 Annual Plan
- contributing to work on the Water Services Delivery Plan
- implementation phase of several ICT projects
- tri-annual District rating revaluation – objection phase
- working with ratepayers to minimise rates arrears, and
- managing ongoing operational cost pressures.

2. Information Communications Technology (ICT)

2.1 Current Priorities and Challenges

Our current priorities are the rollout of new networking infrastructure across Council, the continued work in our staged transition within Technology One from Ci to CiA, and the successful go live and support of DxP.

An issue within the eScribe system resulted in an unexpected systems outage that required support from the vendor to rectify. This resulted in staff unable to access the system on 26 May, however the actual impact was minor.

As reported previously the Ci to CiA Transitions project (Stage 1b) that was due to go live in June has been delayed until September due to system issues discovered during pre-testing that would have a detrimental impact on our User Acceptance Testing. The Project Steering Committee made the decision to temporarily delay go live with a plan to have system bugs rectified by the vendor. Escalations to the Technology One Executive Management Team have been completed, and at this stage we are confident that the Programme of Work over the next 3 years will not be impacted significantly.

2.2 Operational Activities

The ICT team is focused on supporting Council through end of year activities, contributing to CCTV discussions and maintaining a stable environment. We have engaged with the Whangarei Arts Trust and are in the process of auditing all of their ICT equipment and systems enabling simpler ICT management of their environment as well as looking at opportunities to add value, reduce costs and enable innovation.

User Support tickets have increased significantly from April to May, reflective of the extra support provided with the Windows 11 Rollout.

Procurement

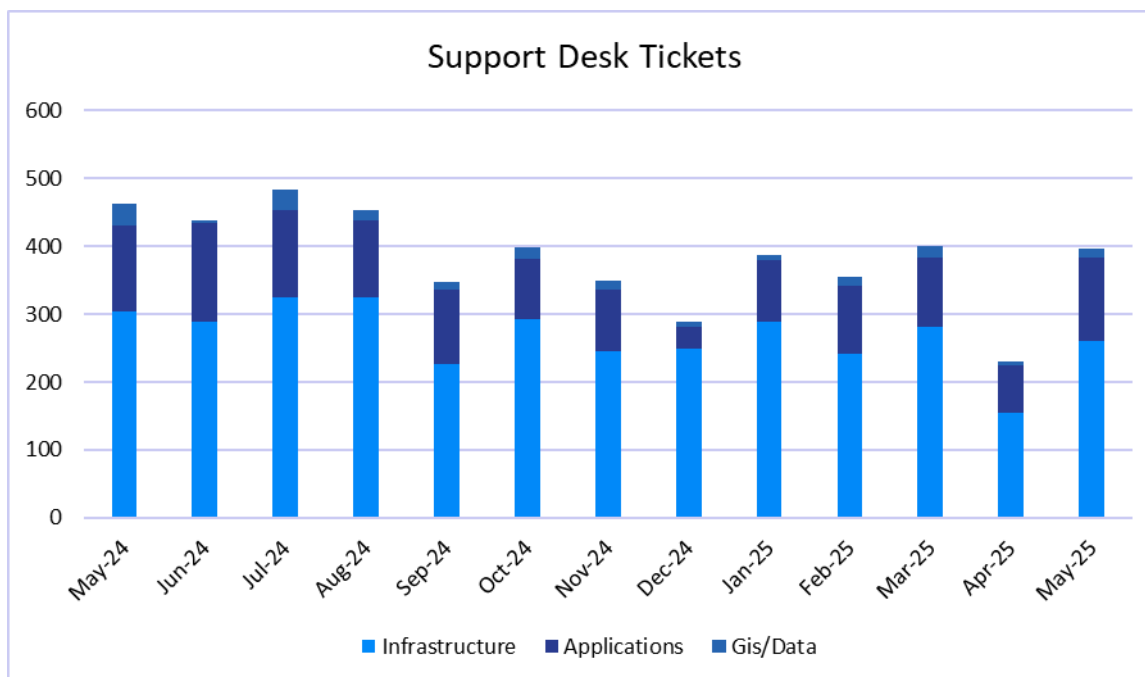

Digitising all Cemetery Records held in offsite storage will enable future electronic access to these important assets. This reduces the risk of loss of these records outside Council's control and will result in Council having a Digital record with appropriate metadata to identify the record. Overall, 85,000 records will be digitised and quality checked at a cost of \$200,000.

ICT End User Support

Business as usual

The User Support team is actively working on the financial year rollover of fees and charges and have completed the 2025/2026 dog registration rollover. We are reviewing the ConnectWise ticket system to ensure its efficiency and ticket workflow.

We are also working with NorthCloud to evaluate the service desk team ensuring their responsibilities are clearly defined and aligned with expectations, while simultaneously reviewing their access and our internal controls.

Seven new staff members joined Council during May and ICT provided induction and co-ordinated training as needed.

ICT Systems Engineering

Managed Events/P1 Incidents for the month

Regular maintenance across our environment caused a login failure within eScribe. Rollbacks were initiated, however assistance from the vendor was required to allow logins. This resulted in staff unable to access the system on 26 May. All agendas for Council meetings had been published and so the resulting impact was minor. Changes to how this system allows authentication were already in the planning stage, meaning this issue is not expected to occur again.

Availability Management

All systems at our Datacentre remained operational.

Business as usual

The Systems Engineering team completed the major deployment stage of Windows 11 with remaining devices for Elected Members to be replaced prior to the Windows 10 end of life on 14 October. Network switch and firewall upgrade related projects have begun and are progressing as planned.

The team continues to review and implement penetration test action items as well as updating and uploading data sources requested by the business within our GIS environment.

Information Management

Business as Usual

- 380 physical files have been disposed of during May after their digitisation.
- Testing and technical setup work has been completed for business 2 business external collaboration. This can now be rolled out to meet staff requests.
- Project sites URLs have been updated for workspaces with erroneous numbering.
- Updating the way that Resource Consent sites are created to be consistent with Building consents – 1 site per year. This reduces the number of records stored against a site and will

better cater for integration to Tech One where older resource consents are able to migrate proformas to matching sub folders.

ICT Projects

DXP Core is now available on Council's website. DXP is a technology that connects and delivers personalised digital experiences to our customers and DXP Core is the foundation of this technology. It provides a knowledge base to our online customers, while in the background integrating customer details and additional detailed knowledge base information accessible only to the customer services team. A great outcome delivered by Customer Services, Communications and ICT.

LEGEND:  NOT STARTED  ON TRACK  GOING OFF TRACK  OFF TRACK

Project Name	Phase	On Schedule	On Budget
PLM (Project Lifecycle Management)	Closing		
- Closing activities continuing - Benefits realisation plans complete and handed over to Strategic Leadership Team (SLT) - Tweaks to dashboards and reporting complete			
Windows 11 Deployment (W11)	Execution		
- Migration to Windows 11 almost complete, with special computers remaining (Elected Members) - Project is on track to close before Windows 10 end of support deadline of 14 October			
TechOne – NA (Data preparation for Transitions)	Execution		
- Bulk updating of Te Kamo has now been processed - Customer Services is reviewing all postal addresses associated to properties and correcting them. 1623 of 2000 streets have been cleansed. - Request Name Amalgamation training has been provided and staff have started working through 4,000 potential duplicates. Inline name matching is being tested for Requests to prevent duplicates being created. - Readiness checks are 90% reviewed and complete. Some require further transitioning of data, and service cases are open with Technology One for others			
TechOne – DXP	Execution		
- DXP Core is now live - Go live early life support activities commenced - Post Go Live activities have commenced: updating our webpages, creating redirects, additional external testing and complying with record management requirements			
TechOne – Ci to CiA Transition 1b	Execution		
- Due to a total of 25 Priority 1 & 2 issues with the product, approval was not given to progress to User Acceptance Testing (UAT) - Project rescheduling, replanning, re-estimate completed - Compensation discussions in progress - Fixes and retests in progress Due to quick rescheduling, the Programme of Work for TechOne Transitions is currently not at risk, remaining on Budget and still within the projected timeframe			
Alpha One Build Integration	Execution		
Meeting with vendor to discuss integration remediations and options			

HRIS – Talent and Succession	Planning		
<i>Demonstration from Gisborne District Council scheduled</i> <i>Planning with People & Capability about to commence</i>			
TechOne 2024B Upgrade	Closing		
<i>Early life support now completed</i> <i>Review and planning to take place for improved and effective rolling releases</i>			
Firewall Replacement	Execution		
<i>Upgrading of existing firewalls is at 80%</i>			
Rendezvous Replacement	Initiation		
<i>Options paper with Architects to review</i>			
Flowingly - ProMapp Replacement	Execution		
<i>Kick off meeting completed</i> <i>Governance workshop completed</i> <i>System Analyst and Key Business Users (KBU) training to commence</i>			
Cemetery Record digitisation	Execution		
<i>Digitisation plan has been created</i>			

3. Finance

3.1 Current Priorities and Challenges

Key priorities this month include:

- Continued work on 2025-26 Annual Plan budgets
- Planning for 2024-25 Annual Report and associated audit
- Month end financial reports and variance analysis
- Assisting with financial modelling for Local Water Done Well
- Ongoing work due to multi-year forecasting and budget transfers
- Input into various agendas across Council's businesses.

Key challenges this month include:

- External funding forecasting and impacts on Annual Plan budget.

3.2 Operational Activities

2024-25 Financial Year

A financial report for the eleven months ending 31 May 2025 has been included within a separate agenda. This report provides a comparison of year-to-date actuals with the phased budget, along with a full year forecast prepared by the business in May. Further information is included within that agenda.

The standard financial report for the 12 months ending 30 June will not be prepared as the Finance team will be working through various end of year adjustments. Full year results will be shared as part of the preparation of the Annual Report. Due to elections, this information may be provided through either the Finance Committee, Risk and Audit Committee, and/or information agendas. Management will endeavour to keep Elected Members abreast of progress throughout the audit process.

2025-26 Annual Plan

The delay in receiving final direction from Elected Members on the outcomes of the consultation process poses challenges for the Finance team, with Deliberations now scheduled for an Emergency Council meeting on 10 June.

However, Finance staff will make updating the financial model and finalising Annual Plan deliverables their key priority, once direction has been received.

2025-26 Fees and Charges

2025-26 Proposed Fees and Charges were presented at the March Council meeting. Those fees not subject to the special consultative procedure were adopted at that meeting. Remaining fees were included for consultation with the Annual Plan and will be revisited as part of the deliberations process before final adoption in June.

2024-25 Annual Report and Audit

Initial planning for the 2024-25 Annual Report has commenced.

The interim audit is expected to occur from the end of June to mid-July, with the final audit scheduled from mid-August through to October. Due to the timing of elections, the adoption of the completed Annual Report will likely occur at the first Council meeting after elections.

4. Revenue

4.1 Current Priorities and Challenges

Priorities:

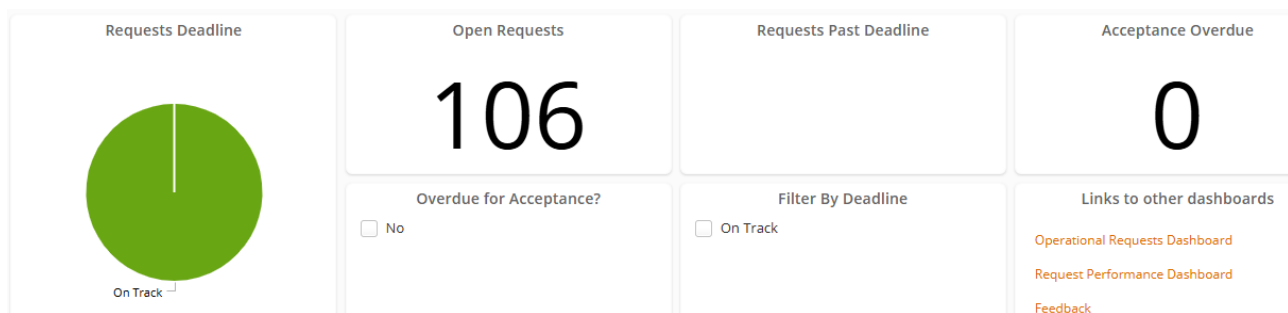

- 2025-26 Annual Plan – Issues and Options
- 2024 General Revaluation
- Year-end and year-start tasks
- 2024- Annual Report Audit.

Challenges:

- Managing workload
- Debt collection.

4.2 Request System Dashboard:

3 June 2025:

There were 799 online customer service requests received in May which is 135 more than last year. The 106 unresolved requests are: 13 from June, 48 from May and the remaining 45 are valuation queries (required to be resolved by 30 June). There were many customers requesting information about the proposed rates for 2025-26 and the later weeks seeing increased traffic following the rates arrears correspondence.

4.3 Team Activities

Projects

The focus during May, was:

- 2025-26 Annual Plan – responding to customer queries and the issues and options report addressing rating.
- 2024 General Revaluation – 662 of 852 objections to the 2024 rating valuations are unprocessed, with 85 being processed in May. There are 2 objections that have been referred to the Land Valuation Tribunal. Staff are working with Opteon to resolve the outstanding objections as soon as possible.
- 2024-25 Audit – responding to auditors' requests for information.

Operations

There were 200 property sales in May, tracking 16% higher than last year to date.

Water rates billing in May was significantly higher than forecast and the revenue shortfall against budget has somewhat decreased.

Work on the annual contract renewal for providing rating services to Northland Regional Council and an extension to the valuation service provider contract is complete.

The 2025-26 central government budget brought changes to the rates rebate scheme for 2025-26 and the team attended a webinar on how the process will change. We are working with the Communications team to inform our low-income householders of the changes. Key messages are:

- The maximum rebate amount increased 1.9%, from \$790 to \$805.
- There will be two calculators as the eligible income of gold card holders is higher than other homeowners in the district on low incomes.
- Gold card holders will need to provide proof which needs to be noted on their application, and we will be tracking in our information system.
- Since December 2024, the applications have been retained by Council (rather than central government). The ICT team will help to file these electronically during the first quarter of the new rating year when most of the applications are processed. This will be appreciated as we have estimated there may be an additional 25% more applications than current level and are hoping to manage with the same resources as this year. There have been 3198 eligible applications this year with one further month to go.
- Mid-July, we will send pre-filled forms to all those that received rebates last year and the rebates office will open 21 July.

The land rates 4th instalment was due 20 May. There were 350 direct debits that dishonoured on the due date. We contacted each customer and successfully resubmitted 254 of these direct debits. On 23 May, penalties totalling \$182,000 were added on 2,373 properties. By 31 May, 400 of the properties rates had either been paid or the ratepayers contacted the team to arrange payments.

Although land rates arrears are currently 18% higher than last year, we anticipate June collections activities will help reduce this figure. Debtors will be informed of the next steps in debt recovery following non-payment. We remain committed to working with any customers who wish to find a payment solution.

5. *Business Support*

Business Support has continued as usual throughout the reporting period, with core services being delivered effectively across all departments. Teams have maintained a steady performance, ensuring key processes and workflows remain uninterrupted.

Routine building maintenance has proceeded according to schedule, with recent inspections identifying a few minor issues that have since been addressed. Preventative maintenance is ongoing and also being reviewed to minimise reactive repairs and support a safe, functional work environment. Facility-related feedback from staff is actively being encouraged to ensure emerging issues are promptly captured.

A preliminary fleet review is underway to assess vehicle condition, usage efficiency, and upcoming capacity and service needs.

Procurement activity has remained high. The team continues to manage vendor relationships effectively and ensure compliance with procurement policies. The internal audit is underway and we hope to see some findings soon.

5.1 *Current Priorities and Challenges*

Current priorities include:

- Review of CCTV across Council sites
- Recruitment
- Fleet Review
- Security and Related Services Procurement.

Current challenges include:

- Inclement weather
- Absences of both staff and contractors.

5.2 *Operational Activities*

Facilities

Business Support team has had a busy month but has delivered strong business-as-usual outcomes ensuring business continuity. A key challenge over the past month has been the impact of adverse weather conditions and absences of both staff and contractors to complete works.

Business Support has started a comprehensive review of the Council's CCTV systems, excluding roading-related infrastructure although including them as stakeholders in consultation. This work will be ongoing with the goal of bringing all systems together, reducing whole of life costs, and delivering more safety for community, staff, and assets.

Finally, the existing Security and Related Services contract has expired. The procurement process for a new contract has commenced, with the current service provider continuing to deliver security services in the interim to ensure continuity.

Procurement

Procurement activity continues to remain high, with the Procurement Advisor providing ongoing support for routine purchasing requirements across the organisation. In parallel with day-to-day operations, Council has been participating in early-stage discussions regarding the development of a Northland Regional Procurement Strategy. Still in its early days, this strategy has the potential to deliver better outcomes for the wider community.

An internal audit of Council's Procurement Policy and Manual is currently in progress. This process ensures that Council's procurement framework remains compliant, effective, and aligned with best practice. The findings from this review will inform the revision of the existing policy, which is already in draft form but may undergo preliminary amendments based on the audit's recommendations before being submitted to Elected Members for their input.

Staff training continues to be a key focus, with sessions delivered to both new employees and those requiring refresher support. Procurement and Contract Management Clinics are being established offering walk-up support to the organisation to further support operations.

Key Activities:

Internal

- Providing general advice and support to staff involved in procurement-related projects
- Providing procurement workshop training to staff
- Attended ongoing Civil Defence training
- Supporting the Business Support Department in reducing cost and adding value
- Commenced Travel Policy review
- Supporting CCTV review.

Strategic

- Civil Defence NEMA Financial Assistance meeting
- Preliminary discussions regarding software to manage procurement processes.

Major work streams in procurement in May have included:

Service/Good Being Procured	Detail	Procurement Commencement Date	Business Owner	Date Advertised on GETS	Expected End Date
Security and Related Services	Security services including cash in transit, guard services and alarm monitoring	To be determined	Business Support	To be determined	To be determined
Library Flooring upgrade	To procure replacement flooring for high traffic areas	February 2025	Library/Property	Closed tender	June 2025
Pensioner Housing Tenancy Management Services	To procure tenancy management services for pensioner housing assets	June 2024	Community	06 March 2025	June 2025
Cellular Services	Mobile services including connections serving voice, wireless connections for critical services (pump sensors, traffic lights, CCTV)	To be determined	ICT	To be determined	To be determined

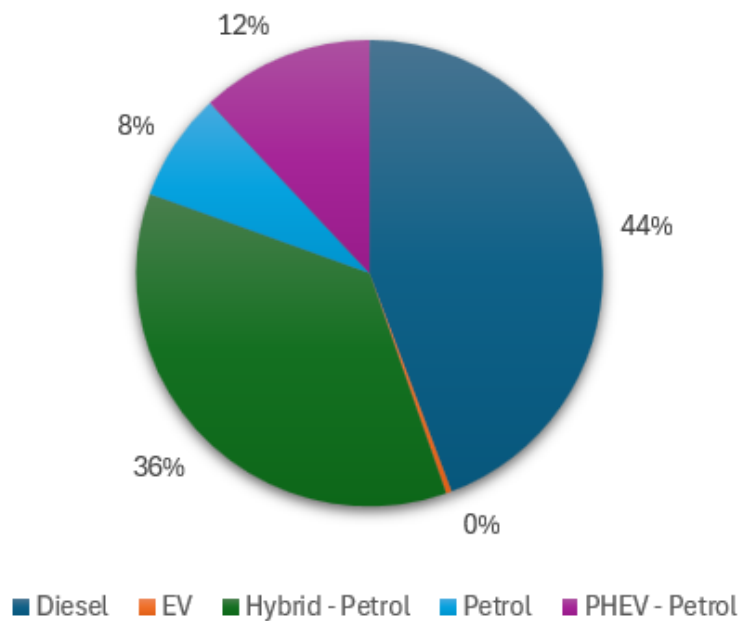

Service/Good Being Procured	Detail	Procurement Commencement Date	Business Owner	Date Advertised on GETS	Expected End Date
Pensioner Housing Grounds Maintenance	Grounds maintenance of pensioner housing assets including mowing and gardening	April 2025	Community	23 April 2025	July 2025
Tracks and Walkways	Maintenance of Council's 63 tracks and walkways including associated assets	April 2025	Parks	22 April 2025	July 2025
Rating Database and Valuation Service Provider	Services related to maintaining the rating database and revaluations	To be determined	Revenue	To be determined	To be determined
RMA Commissioner Services	Renewing the panel of independent Planning Commissioners	May 2025	RMA Consents	23 May 2025	July 2025
Coastal Structures	Maintenance of coastal structures	To be determined	Parks	To be determined	To be determined

Fleet Activity

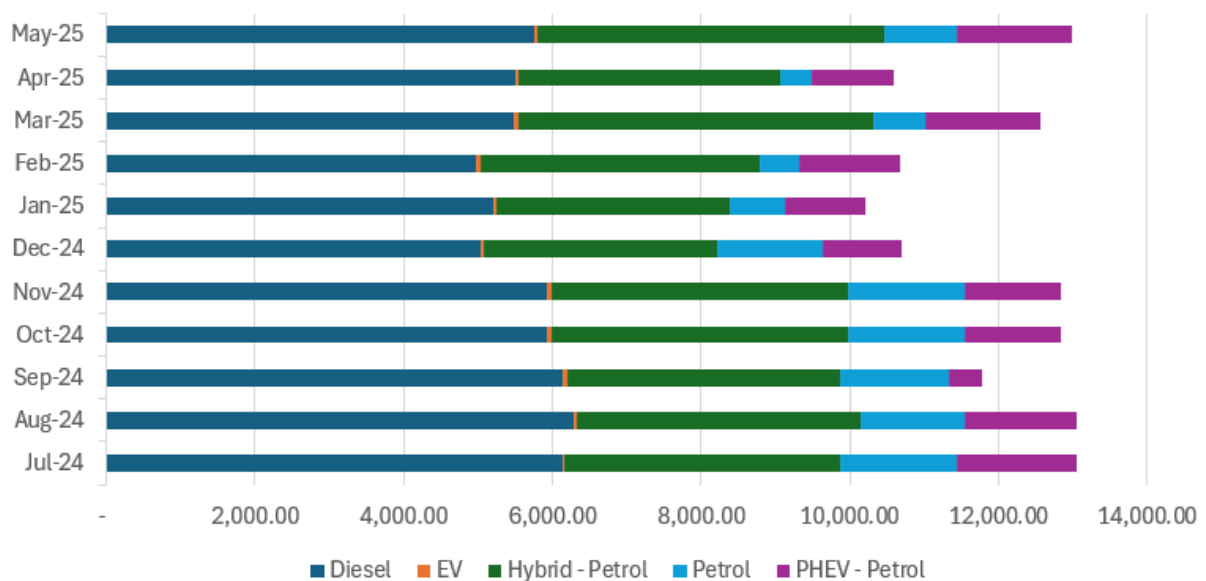

In May the fleet travelled the distance of 84,272 kms.

The total fleet emissions for the specified period amounted to 12,989 kg of CO₂ equivalents (CO₂e). A decline in the number of diesel vehicles is now evident, as reflected in the reduced emission percentages shown in the graph below.

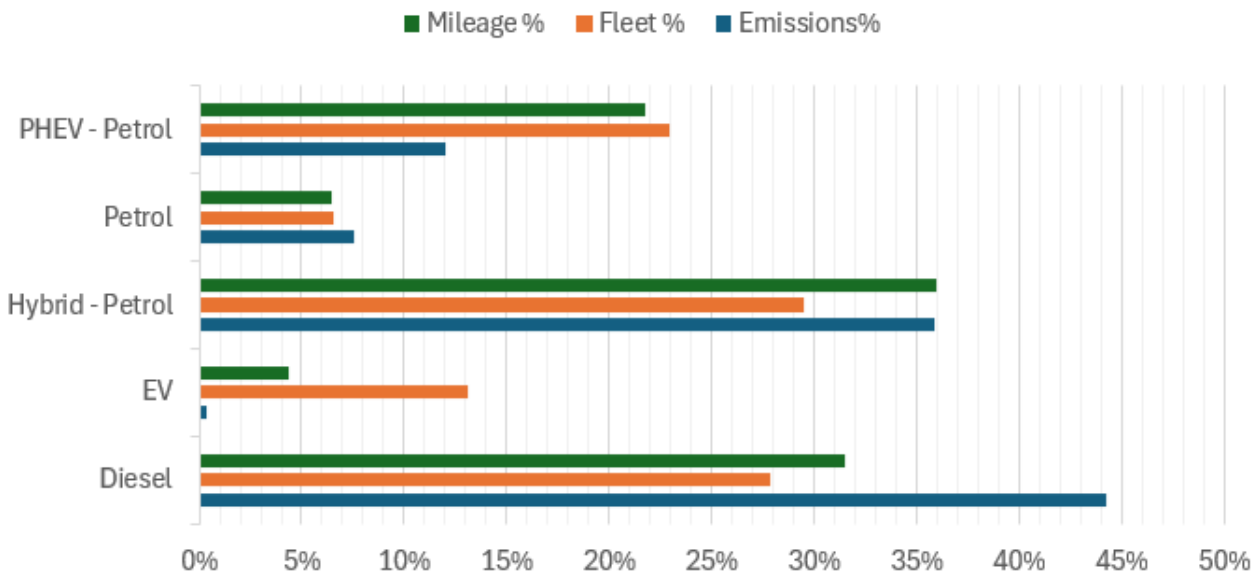

Fleet Emissions May 25

Comparison of Emissions per month

Fleet Emissions and Km Travelled by energy type May 25

Our hybrid and diesel vehicles cover the highest mileage, as they are primarily assigned to departmental or dedicated roles based on specific operational requirements.

We plan to replace some of our petrol and diesel vehicles with plug-in hybrid electric vehicles (PHEVs) as they become available. This transition will further contribute to reducing our overall emissions.

Our current fleet comprises 61 vehicles in total:

Diesel	17
EV	8
Hybrid	18
Petrol	4
PHEV	14

Business Support are currently looking at all of fleet utilisation. The purpose of this is to ensure that the fleet size is at the most efficient level. While there are frequently times where all fleet vehicles are booked, there are also times that multiple vehicles are sitting idle. Understanding how and why staff are using the fleet may present opportunities to reduce the size of the fleet and reduce overall costs without disruption to service delivery.

6. *Property*

6.1 *Current Priorities and Challenges*

Current priorities include:

- Bedding in a new department structure and aligning responsibilities with new structure
- Development of reporting on Commercial Property portfolio
- Reduction in debtor arrears
- Asbestos removal following surveys of priority sites
- Tenanting of vacant commercial premises
- Renewal of leases and licences – Commercial and Community
- Recruitment of two vacant roles (Property Advisor and Asset Planning Advisor).

Current challenges include:

- Resourcing continues to be an issue while we have absences due to illness and are recruiting for two vacant roles.

6.2 *Operational Activities*

Facilities Maintenance

Highlights for the team were:

- Completion of the Asbestos Survey Project ahead of schedule.
 - 77 Properties in total surveyed
 - 30 had no asbestos identified
 - 47 identified asbestos and Asbestos Management Plans have been developed
 - 11 properties had medium to high-risk asbestos requiring removal or encapsulation.
- Awarding of the Pensioner Housing Tenancy Services Contract which will commence on 1 July 2025.
- Awarding of the Central Library Re-Carpet contract.
- Installation of fall working at heights ladders and fall protection at the Ruakaka Hub.

Projects

Name/Location	Details	Asset Owner/ Sponsor	Status	Estimated Completion
Asbestos Surveys	Manage the Asbestos Survey of all Council owned buildings and update Asbestos database to meet legislative H&S requirements	Health and Safety	Complete	
Old Municipal Building	Liaison with Project Manager on rebuild, manage tenant application process, relocate tenants as required	Community Development	In Progress	31/12/2025
Pensioner Housing Tenancy Management	Procurement Process to appoint Tenancy Management Services for Pensioner Housing portfolio	Community Development	Complete	
Pensioner Housing Grounds Maintenance	Procurement to appoint contractor for all pensioner Housing portfolio	Community Development	In Progress	31/7/2025
Town Basin 1 Restaurant	Floor repair after underfloor leak - Insurance Claim	Property-Commercial	In Progress	1/8/2025

Tenancy Management

The Tenancy Management portfolio has continued to develop structural and process improvements during May to support more strategic co-ordination and service delivery across the wider Property team.

Key activities this period included:

- **Process and Template Standardisation:** Development of a structured rent arrears process and supporting document templates to ensure a consistent and timely approach to arrears management across the portfolio. This forms part of a broader drive to align internal tenancy workflows under the new structure.
- **Lease Planning and Valuation Coordination:** A lease tracking tool was introduced to support forward planning and improve coordination with our valuation consultant (CBRE), ensuring lease review timelines are flagged early and turnaround times reduced.
- **Governance and Stakeholder Engagement:** Active participation in the Central City Carpark Body Corporate (BC183555) AGM in May ensured continuity of Council's governance obligations and supported alignment with other unit owners on operational matters. In parallel, coordination with various stakeholders progressed to support finalisation of the Statement of Intent for Whangarei District Airport Ltd.

These activities form part of an ongoing transition toward more integrated tenancy management, focused on proactive oversight and improved internal systems. Further refinements are expected in coming months as workflows under the new structure continue to mature.

Operational tenancy support during May included continued work on lease execution, tenant liaison, and cost recovery tasks, led by the wider team.

Commercial Leases and Licences

The team is currently managing 25 active lease-related matters across the commercial portfolio. These tasks span the full lease lifecycle, including new agreements, surrenders, renewals, rent reviews, and variations. Some matters relate to the same lease but are tracked separately due to their distinct processing requirements.

- **New Leases:**
24 new lease matters are being processed.
 - 4 are pending resolution on legal fee responsibility (lessee vs. WDC) following an arbitration award
 - 2 leases (Air NZ) are being finalised by The Property Group
- **Lease Surrenders:**
Updates are pending on 4 lease surrender requests
 - 1 surrender (Air NZ) is being finalised by The Property Group
- **Lease Renewals:**
7 renewals are currently underway, each with an associated rent review
 - 2 renewals are being negotiated by The Property Group
- **Renewals with Variation:**
1 renewal includes a variation to lease terms
- **Rent Reviews:**
1 standalone rent review is being conducted
- **Lease Variations:**
1 variation is in progress
 - 1 rent review also includes a variation component.

Parks and Reserves Leases and Licences

During May, a report was prepared for upcoming Council meeting to initiate public notification processes for proposed lease arrangements under the Reserves Act. These form part of the statutory approval process for new leases where community engagement is required.

Annual rental assessments for parks and reserves have been completed in accordance with Council policy. This process involved reviewing factors such as land classification (e.g. reserve type), the presence of a liquor licence, the footprint of the leased area, and confirming whether public notification is required. Collaboration with the Parks department is ongoing to ensure a consistent and unified approach to lease assessments and policy application.

Current Lease and Licence Activity (May):

- 8 new leases in progress at various stages
- 1 lease with outstanding rental arrears
- 1 sublease under review
- 9 leases on hold due to pending building upgrades, assessments, or awaiting further information from clubs
- 3 new leases commencing (2 community, 1 grazing)
- 1 Licence to Occupy awaiting notification from the Planning department
- 1 rent review underway
- 2 lease variations in progress.

Leases placed on hold are being monitored to ensure timely progression once dependencies are resolved.

Community Leases and Licences

- Renewal of lease for Men's Shed
- Held a meeting with Old Municipal Building past tenants and discussed proposal for a head lessee.

7. Communications

7.1 Current priorities and challenges

Current priorities for the month include:

- TechOne DXP KnowledgeBase go live
- Education and preparation ahead of 'Stand' phase of Local Government Elections
- Comms and engagement on the Knowledge Precinct
- Community engagement in Parua Bay and Morningside.

7.2 Operational activities

Media coverage

- Whangārei pensioners facing council rates of \$7000 a year call for fairness
- Northland councils skip water test competition
- Library visits in Whangārei rise with 6600 items borrowed monthly
- Northern Whangārei site attracts interest from supermarket, petrol station
- Rates rebates, business tax changes will add up, Whangārei Mayor says
- Onerahi residents demand more action over vehicle dwellers at foreshore
- Council rates are the tax we love to hate
- Whangārei family's sustainable renovation breathes new life into the CBD
- Whangārei social support charity Whare Āwhina opens new community café for rough sleepers
- Whangārei house hit by airborne car; driver flees crash scene
- A new hub for Northland football created at Tikipunga
- Property values up
- Shaping our spaces: the Knowledge Precinct Plan – Vince Cocurullo
- Te Kamo Scout Group recognised as national volunteer of the month
- Resident supports vehicle dwellers, disputes safety concerns in Onerahi
- Northland's a region ready for growth
- Whangārei Intermediate students contribute to knowledge plan
- Emergency services stood down after Whangārei plane crash
- Police Minister wants crackdown on Northland gangs, dirt bike riders
- Growing fast: green light for project set to unlock 3000 homes, supermarket

Communications and engagement projects

A summary of campaigns of note include:

Campaign	Comment
Local Water Done Well	Processing of consultation results and communications for Northland Water Services Working Group
Pre-election Report	Document design
Maori All Blacks	Design of advertising material and promotion of ticket sales
Knowledge Precinct Plan	Promotion of engagement
Community Impact Partnership Programme	Design of look and feel for this new community programme

Campaign	Comment
Pohutukawa Coast	Design and promotion for the community planting day and plant giveaways
Puanga Matariki Festival	Promotion of the festival events
Regional climate resilience	Comms support for Climate Adaptation Te Taitokerau joint regional working group, TTCAN website is now live. WDC is well represented on the website. https://ttcan.nz/
Elections 2025	Comms support and planning for Elections 2025. We are now promoting the Stand phase and educating on STV and Māori Wards Poll. Planning for joint NRC/WDC Candidates Information Evening on 4 June.
Ngunguru Seawall restoration	Ongoing comms to community about construction of seawall, including new boat ramps and beach access
Central City Parking Management Plan Consultation	Planning underway for public consultation in July
Te Kamo T2 transit lane – implementation planning	Public education and communication planning underway for the implementation and opening of Te Kamo T2 transit lane
Wharf Road wharf at Parua Bay	Comms regarding the closure of the wharf while the new safety platform is installed, starting early June
Ruakaka Wastewater Treatment Plant	Community and stakeholder engagement is underway prior to the consent being lodged for the interim solution
Parua Bay drop-in session Wednesday 7 May	24 people attended the drop-in session to discuss proposed road safety improvements, speed limit reviews and construction of the new skatepark
Parua Bay Wastewater Scheme	Communications re outcomes of investigation
Morningside Flood Relief	Support for community meeting held 7 May
Whangarei Urban Flood Strategy	Communication and engagement plan
Three Mile Bush Road new reservoirs	Communications re completion of project and shutdowns during commissioning
Welcoming Communities: Welcoming Plan	Communications support to promote series of community hui and upcoming powhiri for newcomers being hosted in conjunction with Te Huinga.
Silver Festival	Branding refresh for this upcoming festival celebrating older adults
Fees and Charges booklet	Document design and proofreading
Strategy bylaw reviews	Document creation for upcoming public bylaw reviews

District pride campaign

We are increasing the focus on celebrating our place, showcasing more positive stories about our District, celebrating some of our local attractions and highlights, and encouraging the community to get behind well-known waste minimisation campaigns like Keep New Zealand Beautiful.

Activity over this period included:

- Enjoy a cosy weekend with the Puanga Matariki Festival
- Pohutukawa Coast plant giveaway
- Come along to the third Welcoming Communities hui
- Buy your Māori All Blacks tickets at the i-site
- Free bus travel for Youth Week
- Thanks for an awesome Road Safety Week
- Road Safety Heroes relay live stream
- New timber water reservoirs in Three Mile Bush
- WIS students contribute to the Knowledge Precinct engagement
- Te Kamo Scout group recognition
- Teddy Bear sleepover at the Library
- Movie in the Theatre for Puanga Matariki
- Winter days in Whananaki (Love it Here)
- Running in Whangarei (Love it Here)
- Camp Waipu Cove historical photos (Love it Here)
- What's your Whangarei walk personality? (Love it Here)
- Ruakaka Beach sunrise (Love it Here)
- Autumn morning at Ocean Beach (Love it Here)
- Paranui Falls after the rain (Love it Here).

Social media

May was dominated by three special “focus weeks” which formed a large part of our social media for the month. Road Safety Week began on 12 May, followed by Youth Week on 19 May. After that, our focus turned to the start of the Puanga Matariki Festival, which is ongoing through June.

Top three highest reaching Facebook posts in May 2025 - refer to Appendix 1 for screenshots.

Topic	Reach and interaction notes
New timber reservoirs in Three Mile Bush area	Reach of 41k, broadly positive reception
Blanket donations sought for dog pound	Reach of 21k, largely due to 75 shares
Road safety week: Hero profile	Reach of 13k, warm reception

Website and digital channels

Digital transformations*

Digital transformations have focused on moving the website requests and report it sections to the new TechOne DXP platform. These sections are now live on the website.

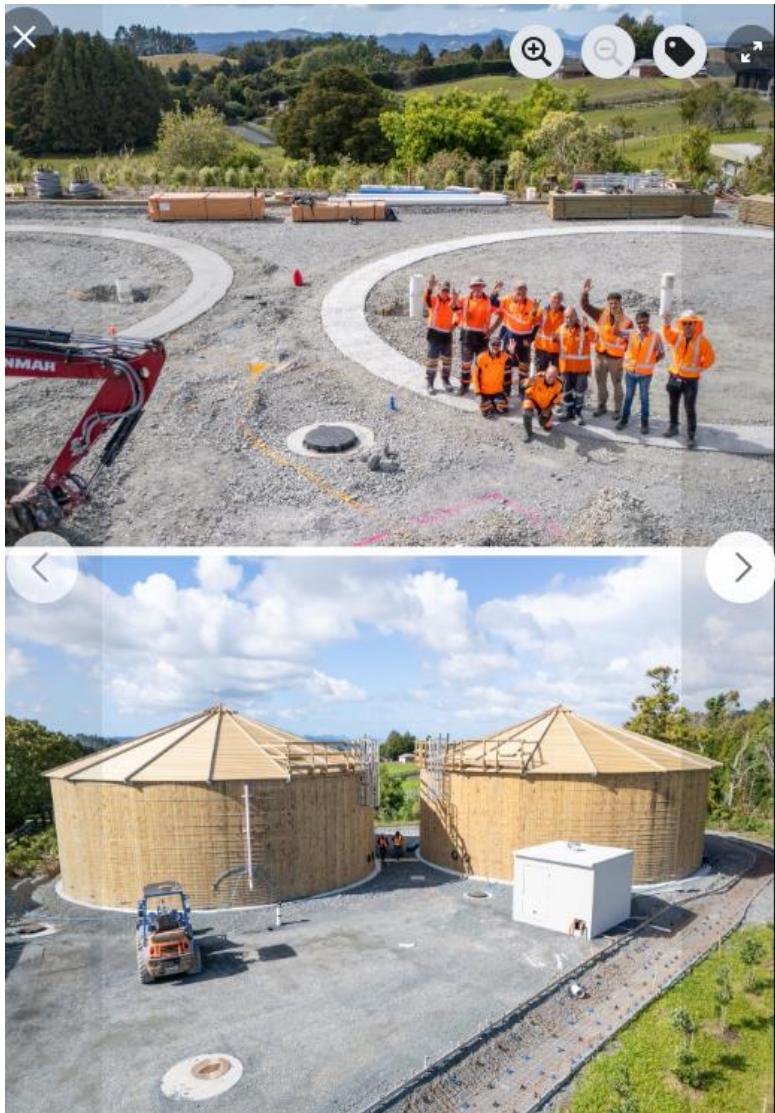

* Updated every three months – next update August 2025.

Top 5 pages visited (main website only, Google Analytics report)

*“Search”, “home” and other core functional pages are not listed.

April 2025	May 2025
Rates database and search	Rates database and search
Rubbish and recycling collection	Tribute to Celine Dion event page
Rates (landing page)	Puanga Matariki Festival
Proposed rates (2025-26 Annual Plan)	What's On (events)
Annual Plan consultation	A-Z Recycling and Disposal guide
Notable: Roadworks and closures, What's on, Age Friendly Whangarei survey, online maps, civil defence updates, Report an issue.	Notable: ePlan, online maps, payment gateway, Cemetery, Council agendas and minutes, proposed rates (Annual Plan), Is the Game On (sportsfield closures)

Whangarei District Council

Published by Craig Neilson

14 May at 19:08

After a 2-minute outage this Friday 16 May 2025, these striking new timber reservoirs will start supplying water to the Three Mile Bush area.

They're an expansion of our water infrastructure (not a renewal) on a site with natural elevation for efficient water-pressure. Together they hold 1500m³ of treated water, enough to fill a bathtub about 5000 times.

Timber tank reservoirs such as these are like giant barrels for holding treated water ready to be piped to nearby customers. They have a polyethylene lining to keep the water isolated from the wood surface, and metal bands around them to stop them from expanding outwards. They can be built much larger than plastic tanks and have a much lower carbon footprint than concrete tanks.

These are the first timber tanks of their size in Whangarei District. [See less](#)

Do you have old blankets that our Pound Pooch pups could use this winter? 🐾🐾

It's getting cold and we have used up what we can get from second-hand stores, so the Pound Pooch team are now reaching out for donations of unwanted bedding.

✅ Duvet covers (without inners), sheets, towels and blankets are all great and welcome.

❌ Please don't offer loose-knit woollens, feathers/fluffy duvet inserts, pillows or sleeping bags, as they can be dangerous for dogs.

The Pound Pooch team says "Items that are ripped, stained or simply not your colour would be perfect! If you can help, please phone us on 09 438 7513."

📸: Lady KC, a huntaway cross who's up for adoption, would really love your second-hand bedding. [See less](#)

It's Road Safety Week and we want to acknowledge some **Northland Road Safety** Heroes. Click through these 5 amazing stories of super locals doing awesome work in the community.

Want to show your support? 🚶🚴🚶🚴🚶🚴🚶🚴 This Friday 16 May 2025 is the Road Safety Hero relay! Starting and ending at the Canopy Bridge in the Town Basin, join in from 12:30pm for a celebration and a relay walk/run/skip around the Hātea Loop.

RESOLUTION TO EXCLUDE THE PUBLIC**Move/Second**

That the public be excluded from the following parts of proceedings of this meeting.

The general subject of each matter to be considered while the public is excluded, the reason for passing this resolution in relation to each matter, and the specific grounds under Section 48(1) of the Local Government Official Information and Meetings Act 1987 for the passing of this resolution are as follows:

General subject of each matter to be considered	Reason for passing this resolution in relation to each matter	Ground(s) under Section 48(1) for passing this resolution
1.1 Confidential Minutes Finance Committee meeting held on 22 May 2025	Good reason to withhold information exists under Section 7 Local Government Official Information and Meetings Act 1987	Section 48(1)(a)

This resolution is made in reliance on Section 48(1)(a) of the Local Government Official Information and Meetings Act 1987 and the particular interest or interests protected by Section 6 or Section 7 of that Act which would be prejudiced by the holding of the whole or the relevant part of the proceedings of the meeting in public, are as follows:

Item	Grounds	Section
1.1	For the reasons as stated in the open minutes.	

Resolution to allow members of the public to remain

If the committee wishes members of the public to remain during discussion of confidential items the following additional recommendation will need to be passed:

Move/Second

“That _____ be permitted to remain at this meeting, after the public has been excluded, because of his/her/their knowledge of Item _____.

This knowledge, which will be of assistance in relation to the matter to be discussed, is relevant to that matter because _____.
